IT ALL STARTED with registration; then came rallies—a sure sign that the new year was in full swing . . . After the games the students enjoyed the relaxation of a loud swing band while the club members dished out nourishment to half-starved football fans . . . Bringing down the house amid screams of laughter, the High Times Night Rally also sold subscriptions to students eager to see their names in print . . . The juniors staged a lively Salinas game rally . . . Did a good job of it, too . . .

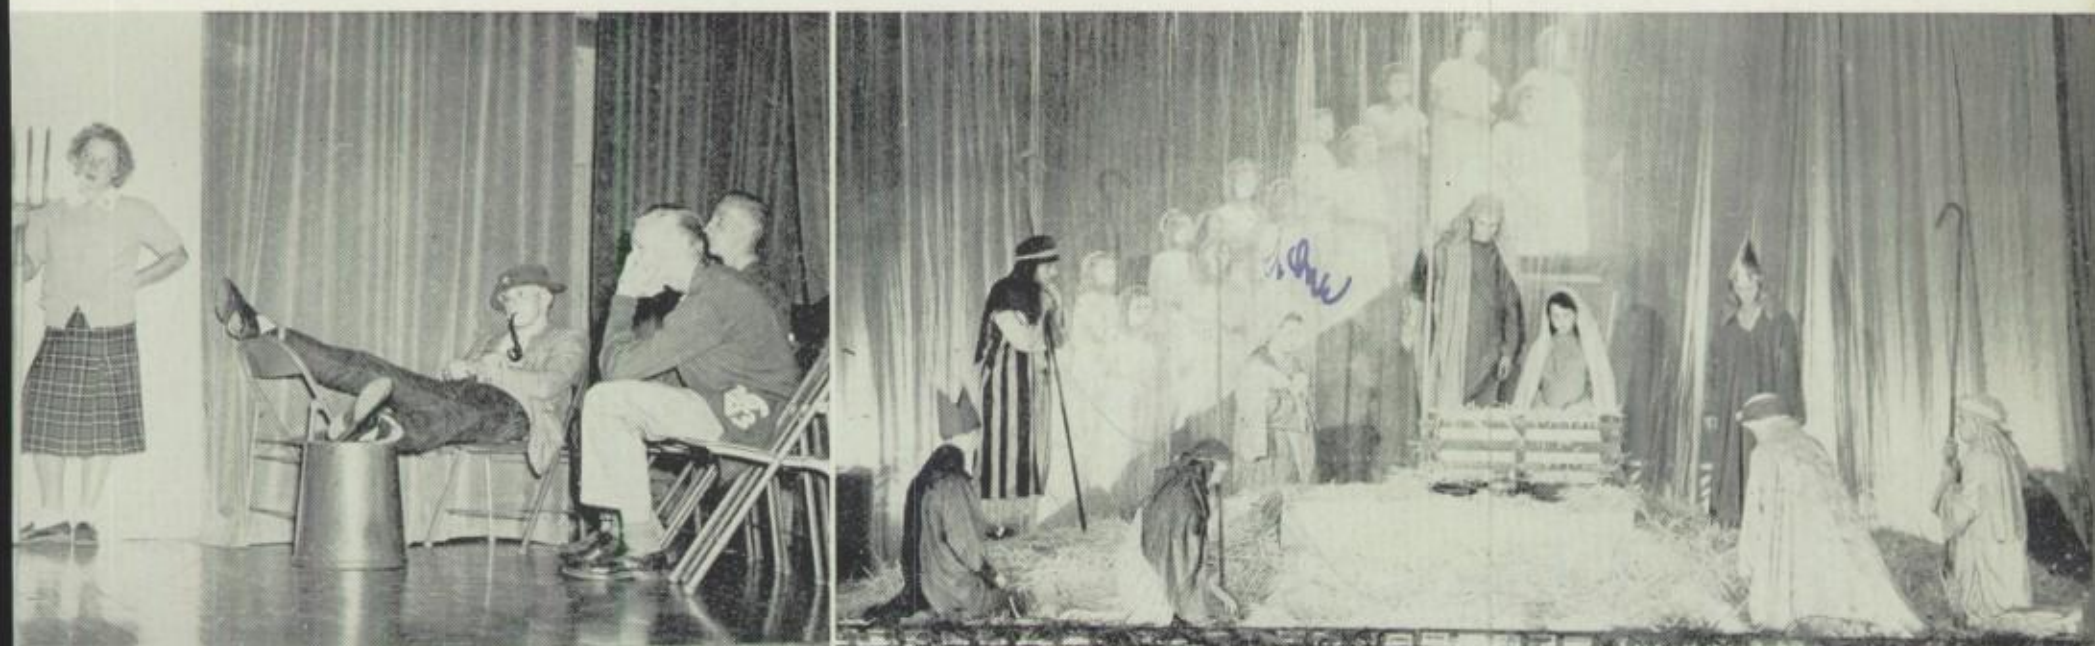

THE DRAMATICS CLASS gave its version of "Sparkin'" . . . Gaining quite a bit of publicity for its participation in the County Fair, the Art Department reached its peak of perfection . . . "Here's how you should do it!" yells Mr. Geiser, as eager gridders prepare for their next game . . . There's the game, and the band shows off to good advantage . . . Everybody gets his picture taken—so the school will know just who you are . . . High Times started to print programs in addition to the ever-popular bi-weekly sheet . . . A few of the members of the faculty talk over the student situation . . .

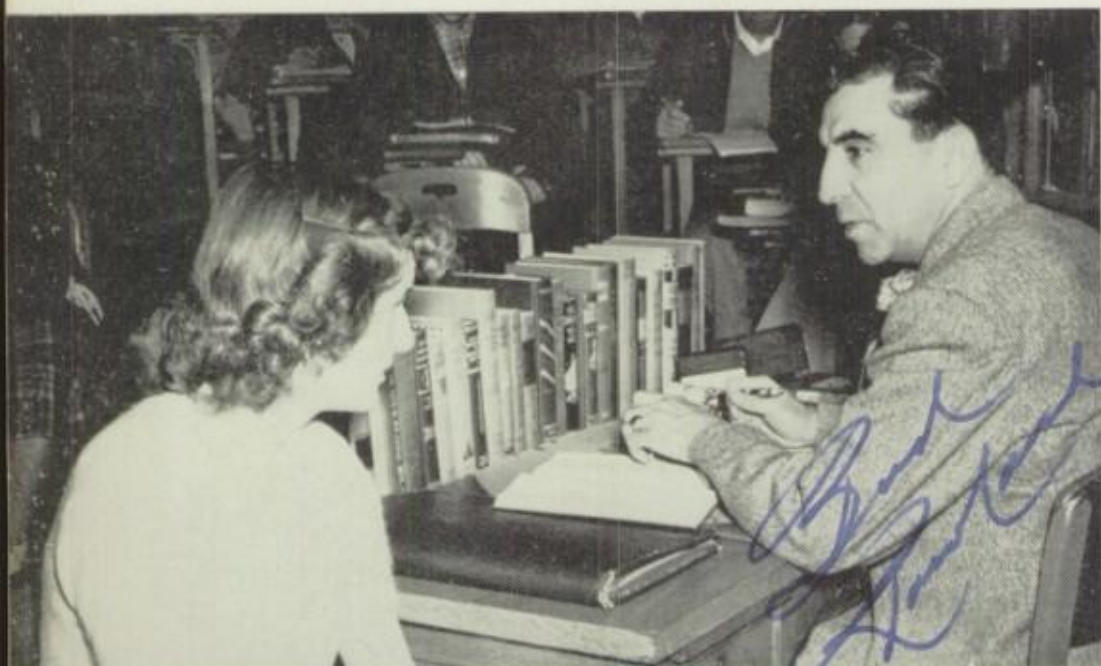

DREAMY RELAXATION after a gruelling game—one of the many student dances . . . The girls had a chance to gorge themselves (and they did) at the Commercial Club party . . . "Coach, team, pep, steam . . ." the cheer leaders sing out the team's praises at the CCAL Jamboree . . . The juniors admire their class rings . . . The senior girls go down in defeat to the juniors basketball team . . . A tense moment in the rooting section . . . Some of the many alumnae who bought tickets for the games . . . While the majority of the couples at the Winter Ball Dance to the dreamy music . . . A few couples sit this one out and enjoy cookies and punch . . . The final game of the season—Hollister, and victory and the championship are ours . . .

MID-TERM EXAMS, and Anne Drobac is the first to face "Bud" for her government oral . . . One of the more hilarious rallies—the one staged by the sophomores—showed the world-wide fame of the Wildcats . . . During the noon period the girls' High Jinx is planned (between bites) by a Girls' League committee . . . Brawny "Watsonman" finishes off WUHS intruder as he flashes forward on his trusty three-wheeler . . . Two juniors think about prospective buyers as they look over their magazine subscription lists . . . Thrilled juniors and seniors begin their journey to Carmel to see the movie version of Shakespeare's "Hamlet" . . . Pete Resetar grins fiendishly as he slaps Lena Rovera in the face with a pie at the senior rally . . .

THE SANTA CRUZ GAME, and Watsonville rooters go wild with joy after WUHS racked up another two points . . . Kusumoto looks determined to ring another bucket, but the opposition is pretty thick . . . He did it! Geiser and Staley shout their enthusiasm, but . . . The yell leaders seem worn out . . . Varni jumps for another shot (much to the pain of a Santa Cruz man) . . . Where'd the ball go? Oh, Goldman's got it! . . . It's a tense moment, and little Ronnie Sherriffs takes a nervous bite at his fingernails . . .

 Slavich tripping the light fantastic . . . Eddie Bivins receives his star from Mr. Geiser while the boys in the back-
 ground await their turns . . . Brotherhood Assembly, and the members of the Kolo Club perform some traditional Jugo-
 slavian dances . . . "Pretty Boy" Miller and "Legs" Sanchez get in a few high kicks at the assembly . . .

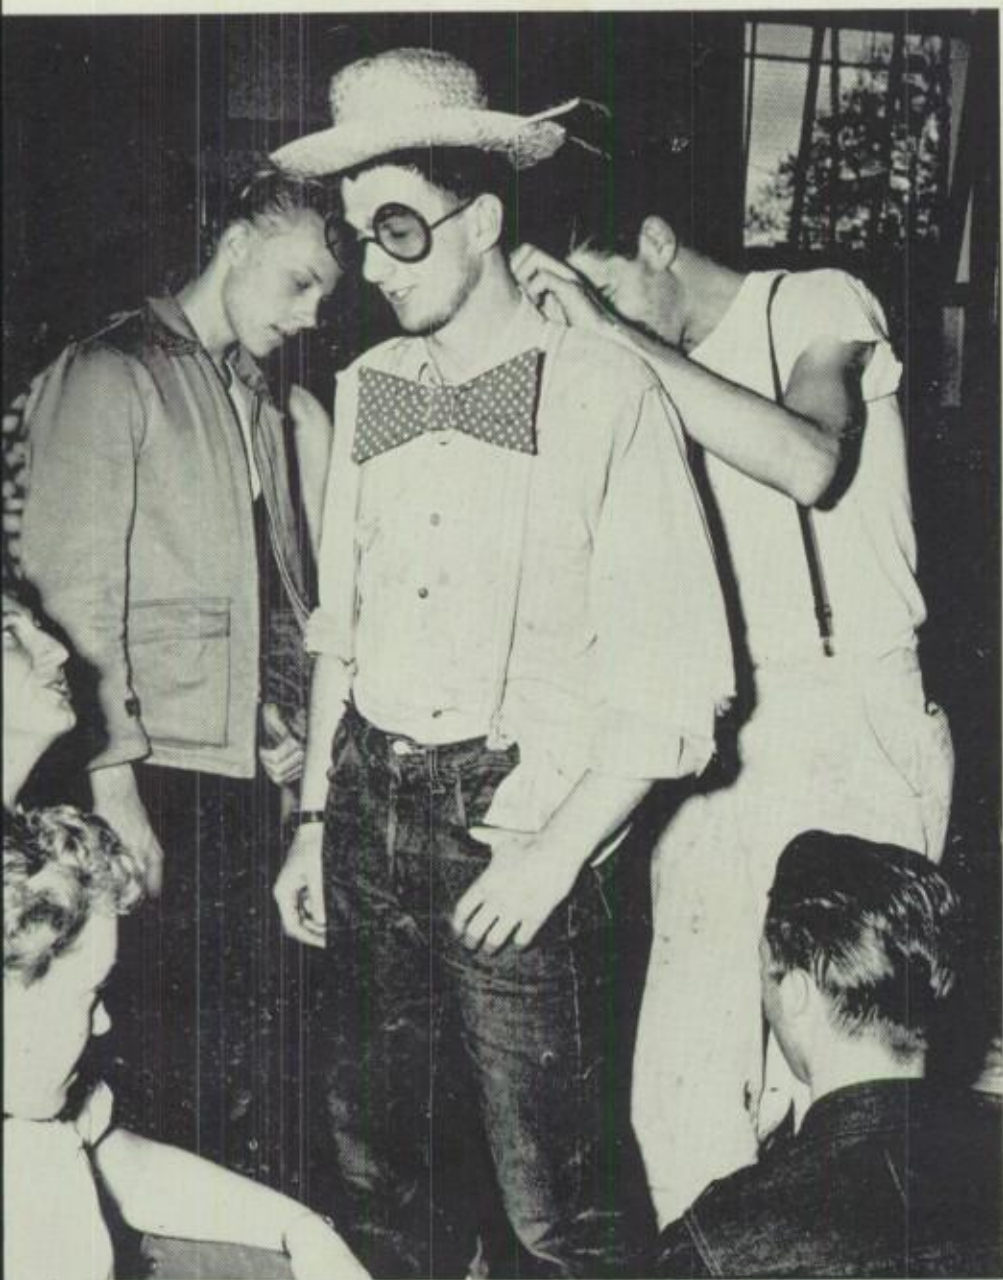

THE FROSH SHOW HOW they captured prizes at the High Jinx . . . Costume judging—everything from Dot Fowle as a flapper to Miss McCullough as a scarecrow . . . FOOD—apple pie and milk fortify the girls for the next scene . . . A slumber party (staged by the sophomores) . . . Shirley Rowan seems to be eating through the entire performance . . . Babe leads the costume parade with Nadine Dodds close behind . . . Shirley stops eating for once—just long enough to help Babe throw Ted Carlyon out of the building . . . The senior skit depicts a day in the life of Mrs. Trippington, a dean . . . Wave goodbye, girls . . . The High Jinx is over until next year . . .

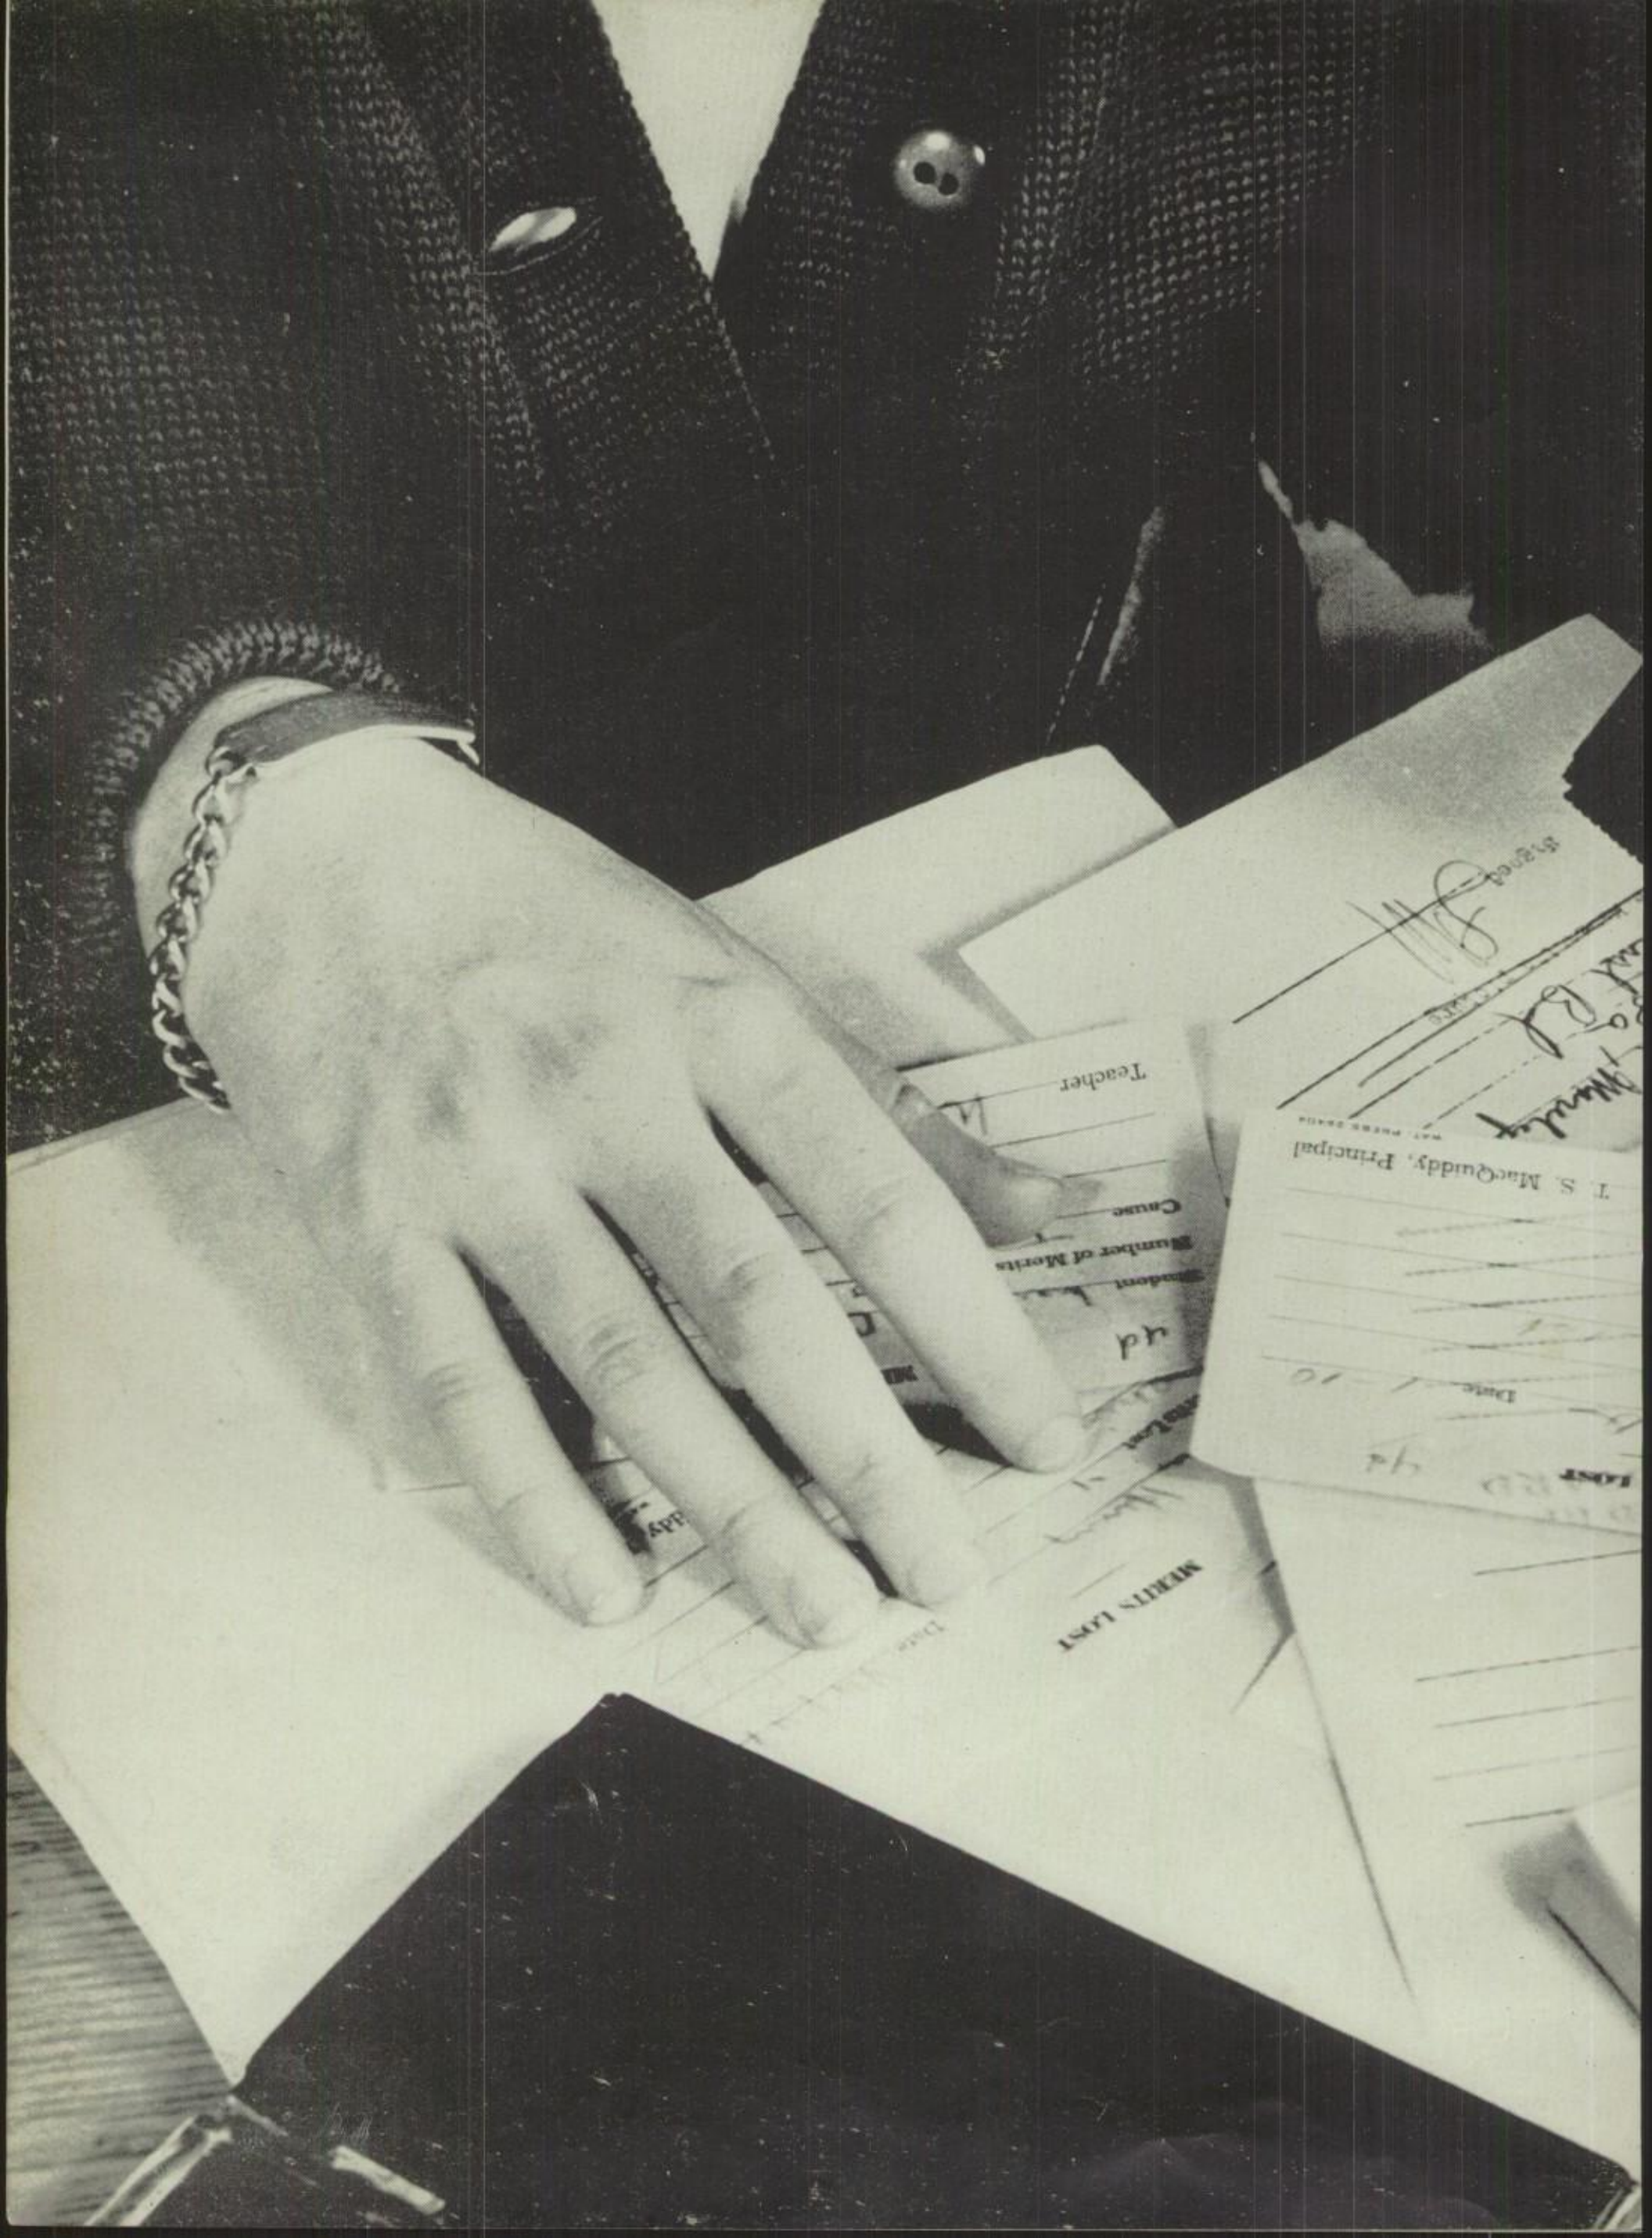

TRACK BOYS TAKING A REST before they head for the cinder path . . . Glamour at its best—the senior Hick Day. The girls show up to advantage . . . That's an awfully long way up, fella. Think you'll make it? . . . Judy Hill models her home-made summer dress at the Easter Tea and Fashion Show . . . Bill Codiga and Joan Jensen feeding each other raisins with a toothpick at the riotous Hick Day Dance . . . Aha! The Whiskerino Hoosegow . . . And look, the next victim is Dale Garrett . . . Judy Shaw back from San Francisco after her long bout with infantile paralysis . . . Welcome home, Judy! . . .

BOB NIEBLING LOOKS ON as Don Lintz measures George Brooks for his senior gown . . . Mr. Ditlevsen hands out a diploma and congratulates a graduating senior . . . And here it is, the end of the year, and of four long years of striving for some.

Student Body Officers

Demonstrating the intelligence and integrity required of all leaders, this year's student officers terminated their high school careers with an achievement record worthy of praise. In all activities in which they led the way, a fine school spirit was evident. The service which these students rendered has a value to the school which it is not easy to estimate. Our school is richer for their efforts.

Gordon Harris, president; Bill Marinovich, vice-president; Diana Daley, secretary; Jerry Kirkland, treasurer; Sam Vestal, Manzanita Editor; Joy Briscoe, Manzanita Business Manager; Jessie Jones, girls' athletic manager; Dick Leininger, boys athletic manager; Bonnie Hulligan, yell leader.

Bottom row, left to right: Bill Marinovich, Yvonne Patrick, Diana Daley, Bonnie Hulligan, Jessie Jones, Joy Briscoe, Billy Goldman; standing, left to right: Mr. Geiser, Rita Hollenberg, Jerry Kirkland, Carl Hopkins, Gordon Harris, Don Henrichsen, Dick Leininger, Charles Luporini, Beverly Fennell, Mr. Crook.

Student Board

Having discovered the present school constitution is inadequate and outdated, the Student Board designated the writing of a new constitution as its main task for the year. The board appointed a committee of juniors and seniors to undertake the job. Each section was assigned to two students, who were instructed to turn the complete draft in to the secretary, who would then compile the sections and hand them over to Mr. Crook.

As would the majority of such committees, it met with a number of difficulties. However, undaunted by its seeming failures, the group was still working at the time this book was sent to the printers. It was believed that an acceptable constitution would be finished by the end of the semester.

MRS. WORTHINGTON

Dean of Girls

Perhaps no surer sign of the arduous character of the work performed by Mrs. Worthington could have been given to us than her serious illness in the fall of the year. Years of unselfish service to a mountainous body of detail and a constant pressure of human problems exacted a toll which left the entire community in anxious doubt. But her return before the holidays reassured us all and served to remind us, if we needed it, of the truly great work she performed.

MR. GEISER

Dean of Boys

Ernest M. Geiser

This year Mr. Geiser added to his already full program in the athletic department the work of guiding boys in various problems of adjustment. His long experience, combined with an unusual capacity for work, made him a welcome addition to the administrative department. The real achievements of people in guidance are not easy to list and point to, but for many boys who came in contact with him, a consciousness of clearer vision will be an unspoken tribute of the highest worth.

Merit Board

Throughout the years that our high school has had the merit system, many fine groups of students have worked with a high degree of wisdom and democratic spirit for the constant improvement of student body, school relationships. It is a real tribute to the spirit of our school that these merit boards, to which this year's is no exception, have unfailingly given their best efforts in a job which receives little recognition.

Seated: Teresa Stefanini, Mrs. Worthington, Diana Daley; Standing: Gordon Harris, Mr. Geiser, Bill Marinovich.

MR. L. L. JONES

Superintendent

The Watsonville schools began the year with a new superintendent, the first in forty-two years. Under the wise and skillful guidance of Mr. MacQuiddy, a small school had grown into the present large system. To the new problems posed by growth and changing conditions, Mr. Jones has brought a fresh and vigorous approach. His knowledge of school problems and his enlightened solutions of them have won for him the respect and liking of the entire community. We are happy to add to a belated welcome our best wishes for the future.

MR. E. E. CROOK

Principal

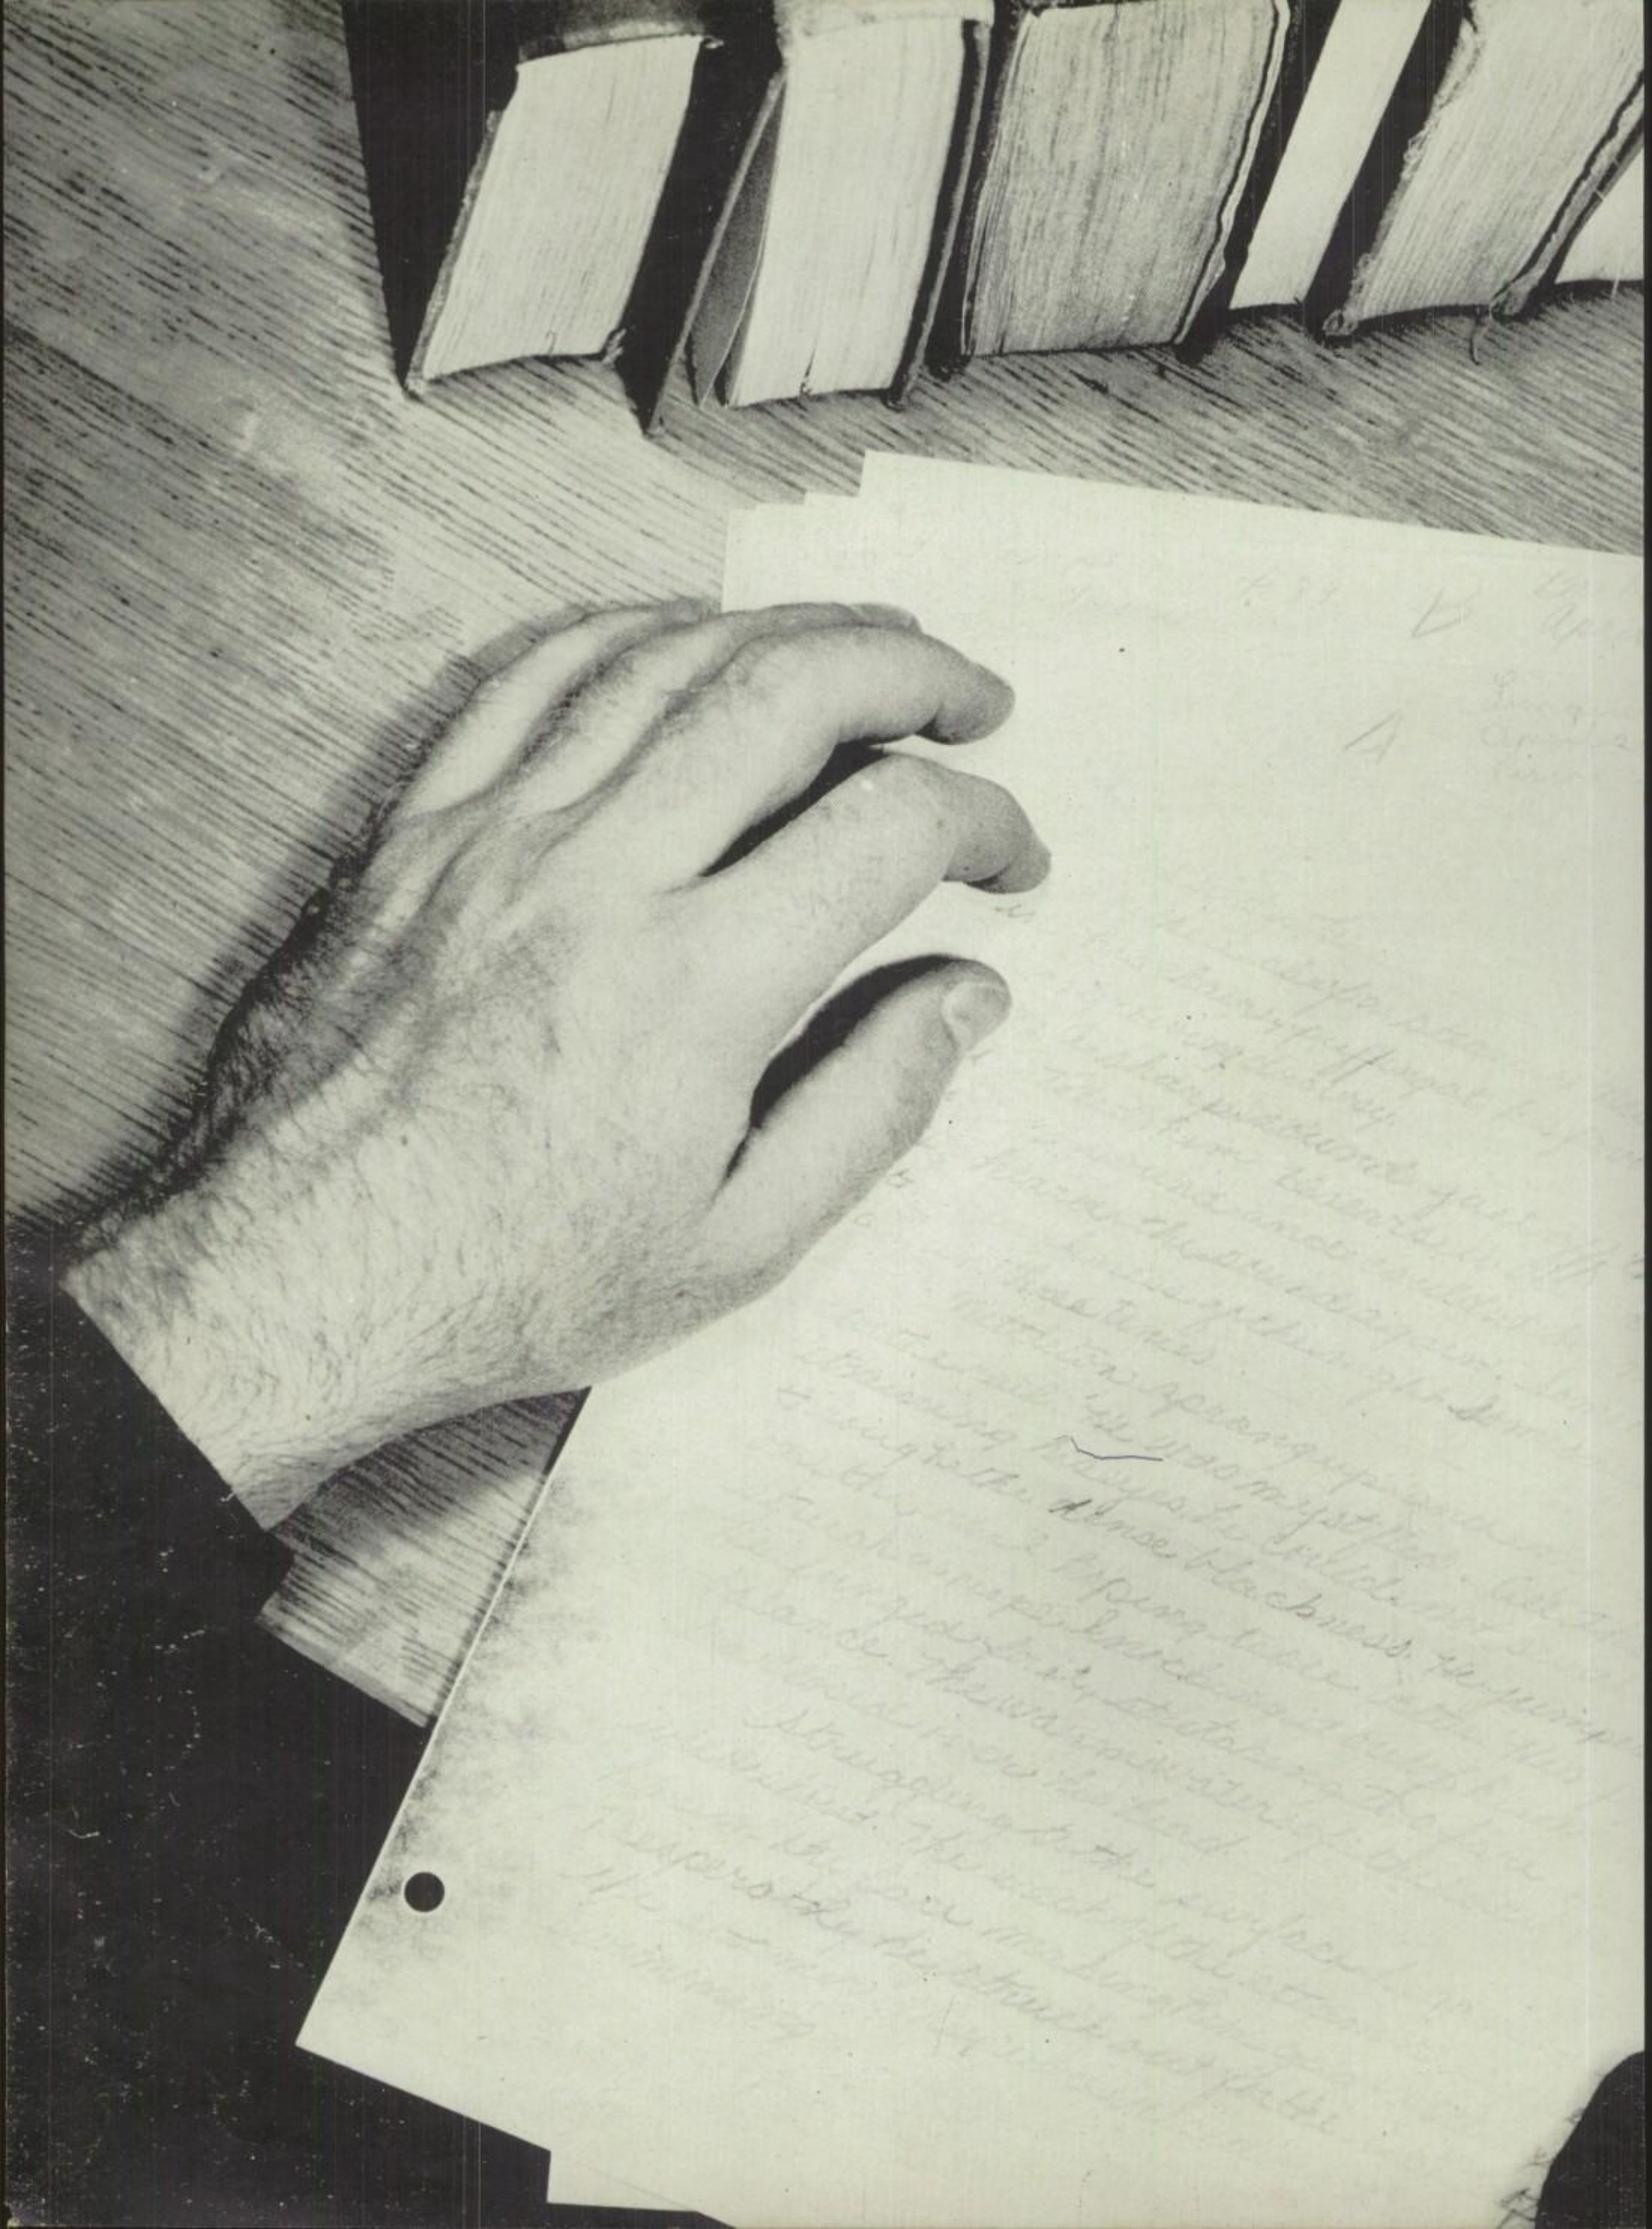

An old friend needs no introduction, but it is a pleasure to give him welcome to a new position. Under the new organization which for the first time gives the high school a principal separate from the superintendent, Mr. Crook assumed the difficult and often thankless task of guiding the high school on its path. The judicious and thoughtful decisions which he has made coupled with the democratic spirit which is characteristic of him, have more than fulfilled the high expectations we all held.

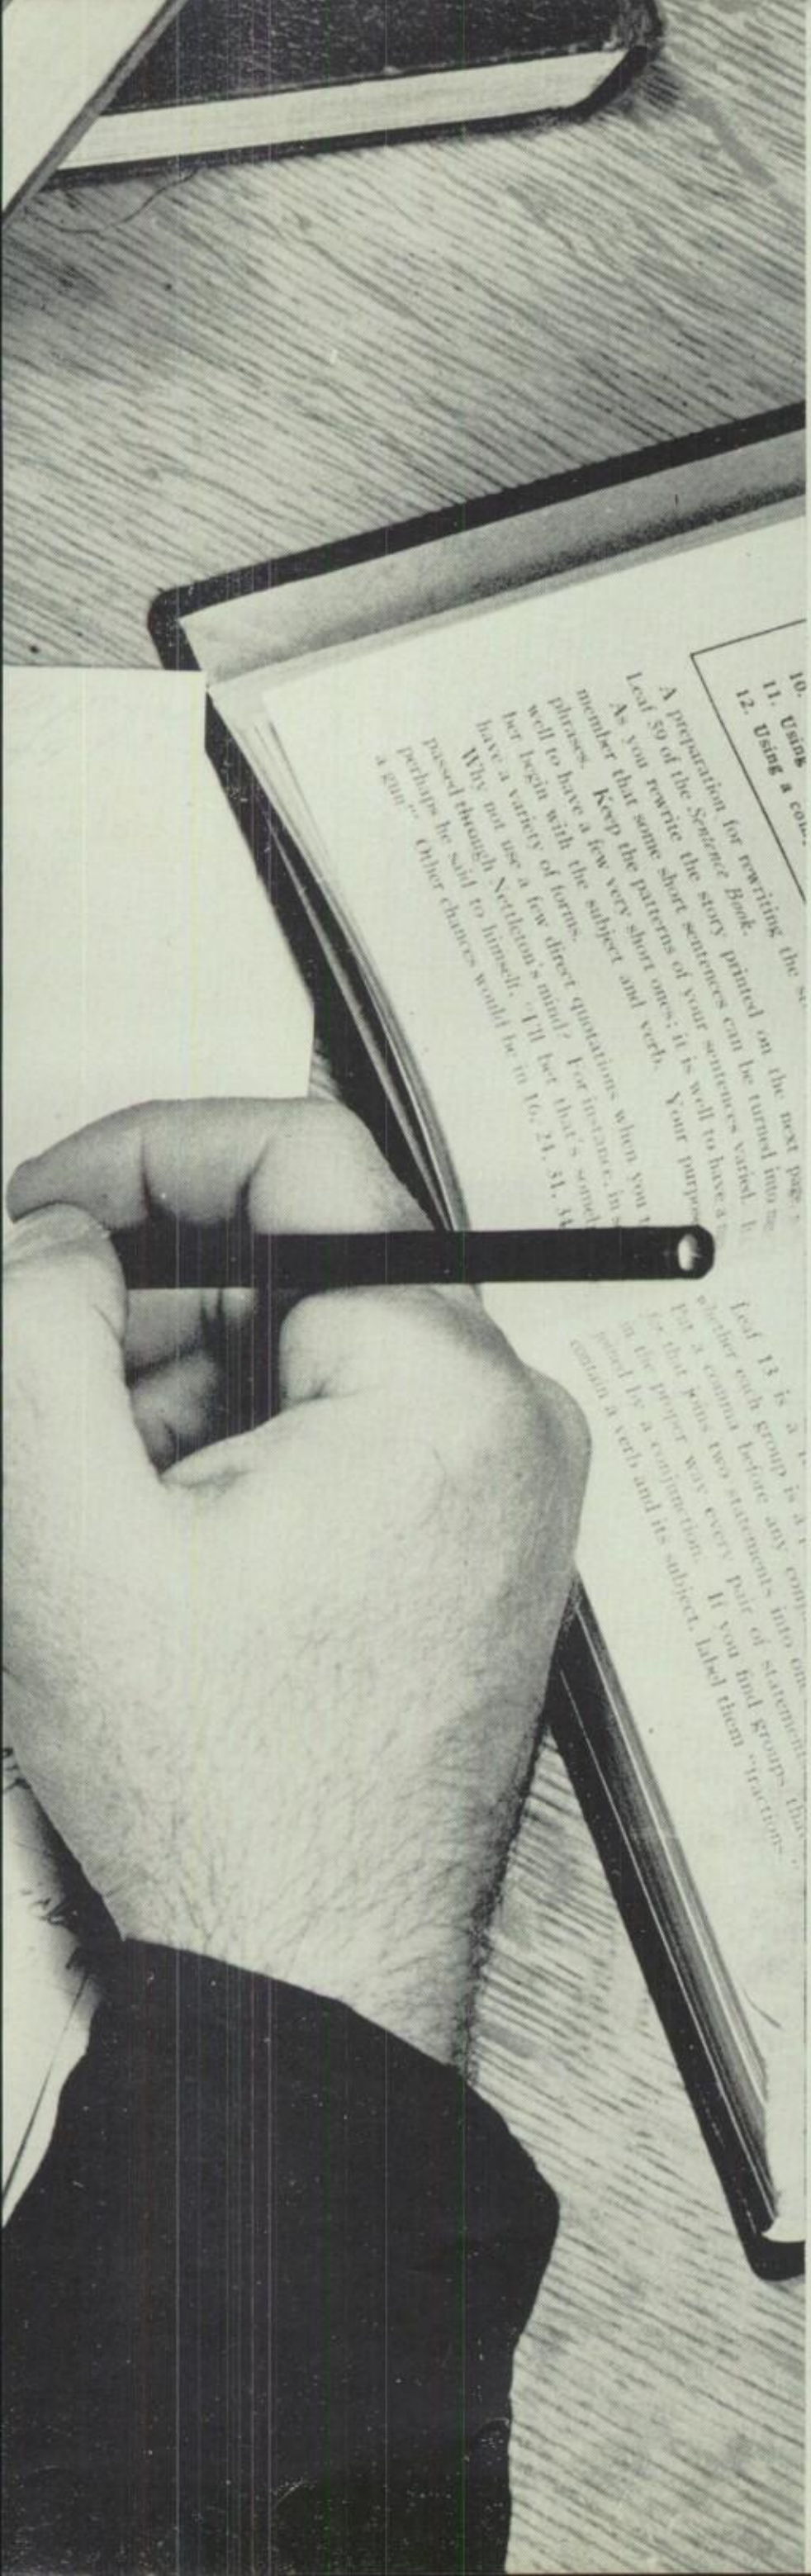

Board of Trustees

Listed below — in order to acquaint you with the accomplishments of the board — are a few of this year's transactions which effect the students' lives. The board's main decision was its authorization of plans for new shops, a cafeteria, and a music building. The shops might be finished by the second semester of next year. In addition to the proposed new buildings, plans for the use of the YMCA's new swimming pool were discussed. At its completion, the pool will be available to all students. Under the board's supervision, the students participated in the annual County Fair for the first time.

Languages

In a world in which the old boundaries of space and time are becoming increasingly meaningless, the importance of a knowledge of languages becomes plainly apparent. One of the great stumbling blocks to international understanding is the inability of great groups of people to know clearly what a foreign group is thinking and saying. The contribution which this department makes to a more ordered world is its offering of French, Spanish, and Latin. A sign of the interest of our students in language is the large number of students enrolled in the courses.

TOP, Left to right: Mr. Sanchez, Miss Dickson, and Miss Blizzard discuss department plans for the languages. CENTER: Board work in Spanish for John Hopkins, Ted Parsons, and others as Mr. Sanchez makes a suggestion. BOTTOM: Miss Blizzard's third period class deep in the heart of a quiz.

Mathematics

In these days of the atomic bomb, the importance of a thorough grounding in mathematics for some students is obviously of greater importance than ever before. For those who will enter a profession in which mathematics is a basic tool, our mathematics department offers the beginning work. But the department does not stop there. It gives to everyone the necessary skill to make the calculations necessary to get along in daily life. With the advantage of a long history of teaching behind it, present day methods can be counted on to do the proper training with the maximum amount of results for the minimum amount of time.

Physical Education

The Physical Education Department this year was under the guidance of Coach Howard Burdick and his assistants, Carl Hoberg and Ronald Staley. Football, basketball, baseball and track were presented in the competitive sports line. Students also learned archery, boxing, physical fitness, and badminton.

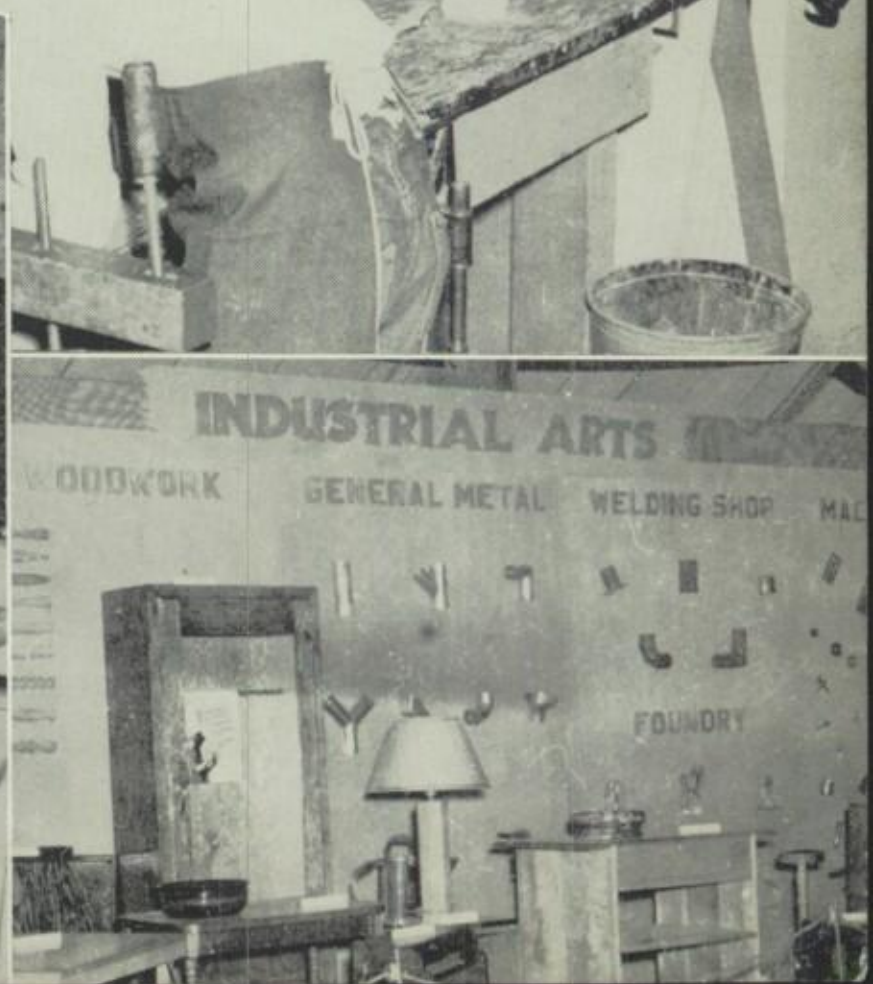

Top left: The coaches in conference—Mr. Geiser, Mr. Staley, Mr. Hoberg, and Mr. Burdick. Top right: Mrs. Bilicich, Miss Blanchard, and Miss McCullough go over some student records. Middle left: A girls PE class playing volleyball in their usual slam bang style. Middle right: Ray Kusumoto evades Mud Pollitt. Bottom left: Fortunately, he's landing on his head. Bottom right: Anyone would think it was going to bite.

Industrial Arts

In this department students are taught the fundamentals of woodwork, mechanical drawing, metal work, and auto mechanics. The importance of such training to these students is great. Not only does it provide a practical knowledge of value in their daily lives no matter what their vocation may be, but it also gives to some the beginning skill for entry into one of these skilled trades.

Top left: Mr. Andrews, Mr. Lien, Mr. Hockel, and Mr. Miller. Top right: The boys in auto shop are looking at the rather tired motor in Mr. Anderson's car. Music

The Music Department under the direction of Tommy Starks has provided excellent entertainment this year.

The choral section led by Miss Breen and the band led by Tommy Starks have collaborated to provide us with outstanding assembly programs.

Top left: Mr. Starks and the band work up a new number. Top right: The music appreciation class, under the direction of Miss Breen, listen to the new 45 rpm RCA records. Bottom left: This strong trombone section helped round out a fine band. Bottom left: Don Camp, Luke Scurich, Helen Howes, and Eddie Pio, with their trumpets ready, watch Mr. Starks for the downbeat.

Bottom right: Singing at the Woman's Club Tea is the sextet composed of Polly Ann Previsich, Mary Lee Hubbard, Geraldine Hoerler, Pat Silliman, Sally Bull, and Marilyn Olsen.

English

Instruction in one of the most important parts of the high school program is the task of the English Department. Because it is desirable that every student who graduates has the ability to speak and write correctly and effectively, all students are required to take three years of English. A total of a year and a half each of composition and literature are offered. But many choose to take additional work because of their interest in journalism and dramatics. For these students there is work on the High Times, Black and Gold, and the Manzanita. The dramatics class proves to be an excellent opportunity for those who wish to try out their skill behind the footlights.

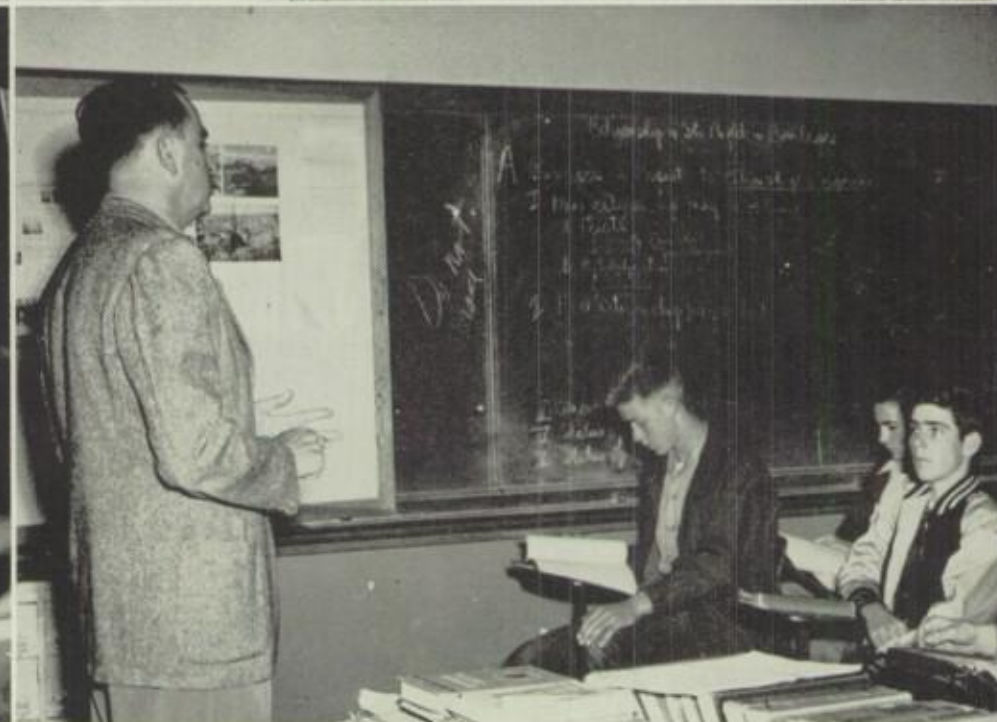

Top left: Seated: Miss Crowley, Miss Tamisiea, Mrs. Spaulding, Miss Lord. Standing: Mr. Yarnes, Mr. Hamilton, Mr. Anderson, Mr. Pfeiffer. Top right: Miss Crowley helps Jack Bothwell. Bottom right: A group of interested students of junior literature gather around Miss Tamisiea. Center left: It seems that everyone studies in this class. Center right: Miss Lord discusses an interesting point with the class. Bottom left: Mr. Hamilton pointing out some of the high spots in Lawrence Olivier's film version of "Hamlet." Bottom right: English students rarin' to go to Carmel to see the film version of "Hamlet."

Social Science

Dealing chiefly with the past, watching the present, and giving mental preparation for the future—that's social science. The department provides all students with the required courses and offers several additional ones for those interested in broadening their knowledge of our world. Now, as never before, the necessity for an understanding of social, political, and economic conditions is of paramount importance.

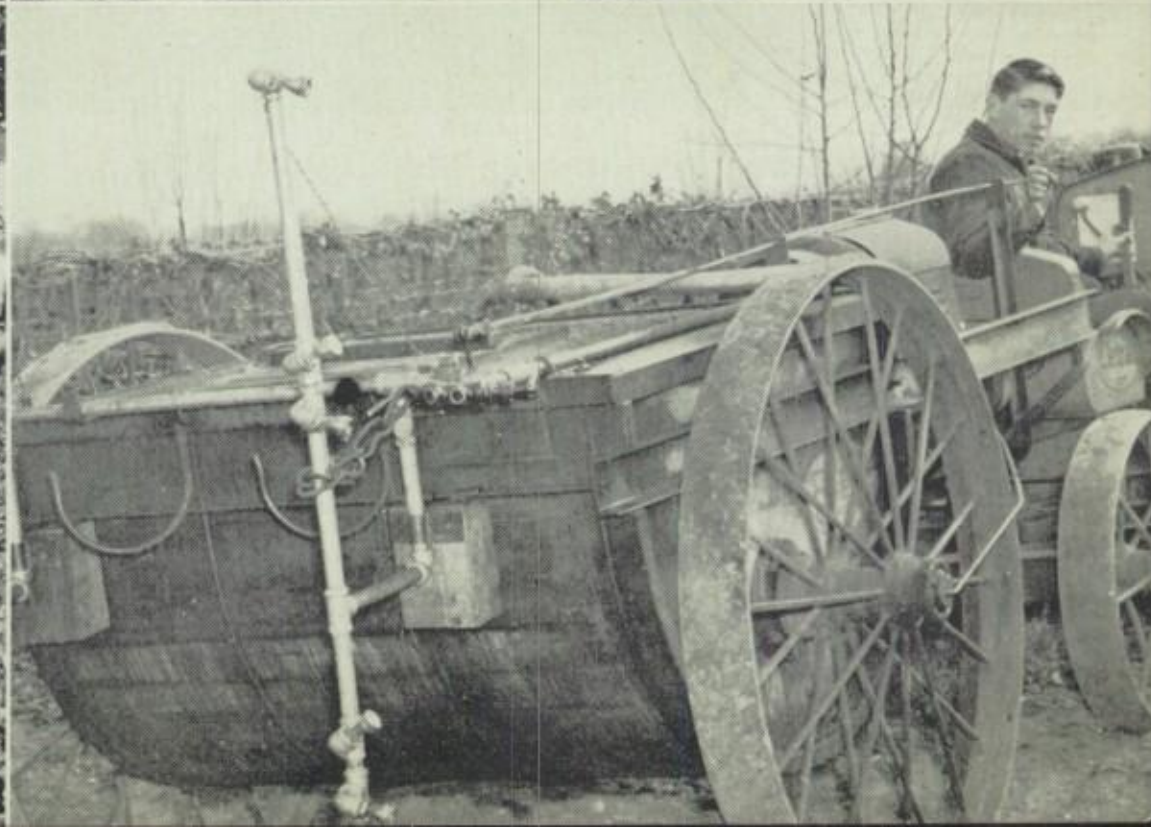

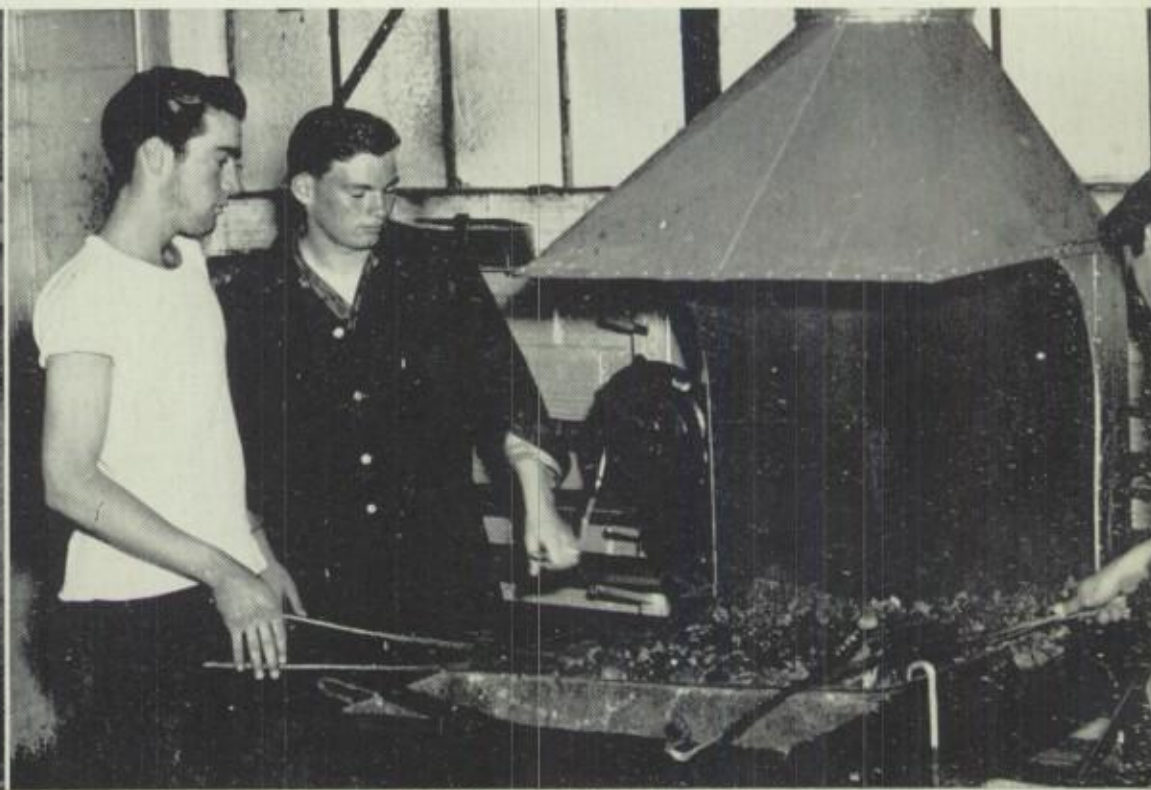

Top left, bottom row, left to right: Mr. Slavich, Miss Harris, Miss Matthews, Mrs. MacGregor; top row: Mr. Bournes, Mr. Coelho, Miss Benham, Mr. Rowland; top right: Members of Miss Benham's class in U. History class (with Don Maggard paying attention to the camera instead of to Mr. Rowland).

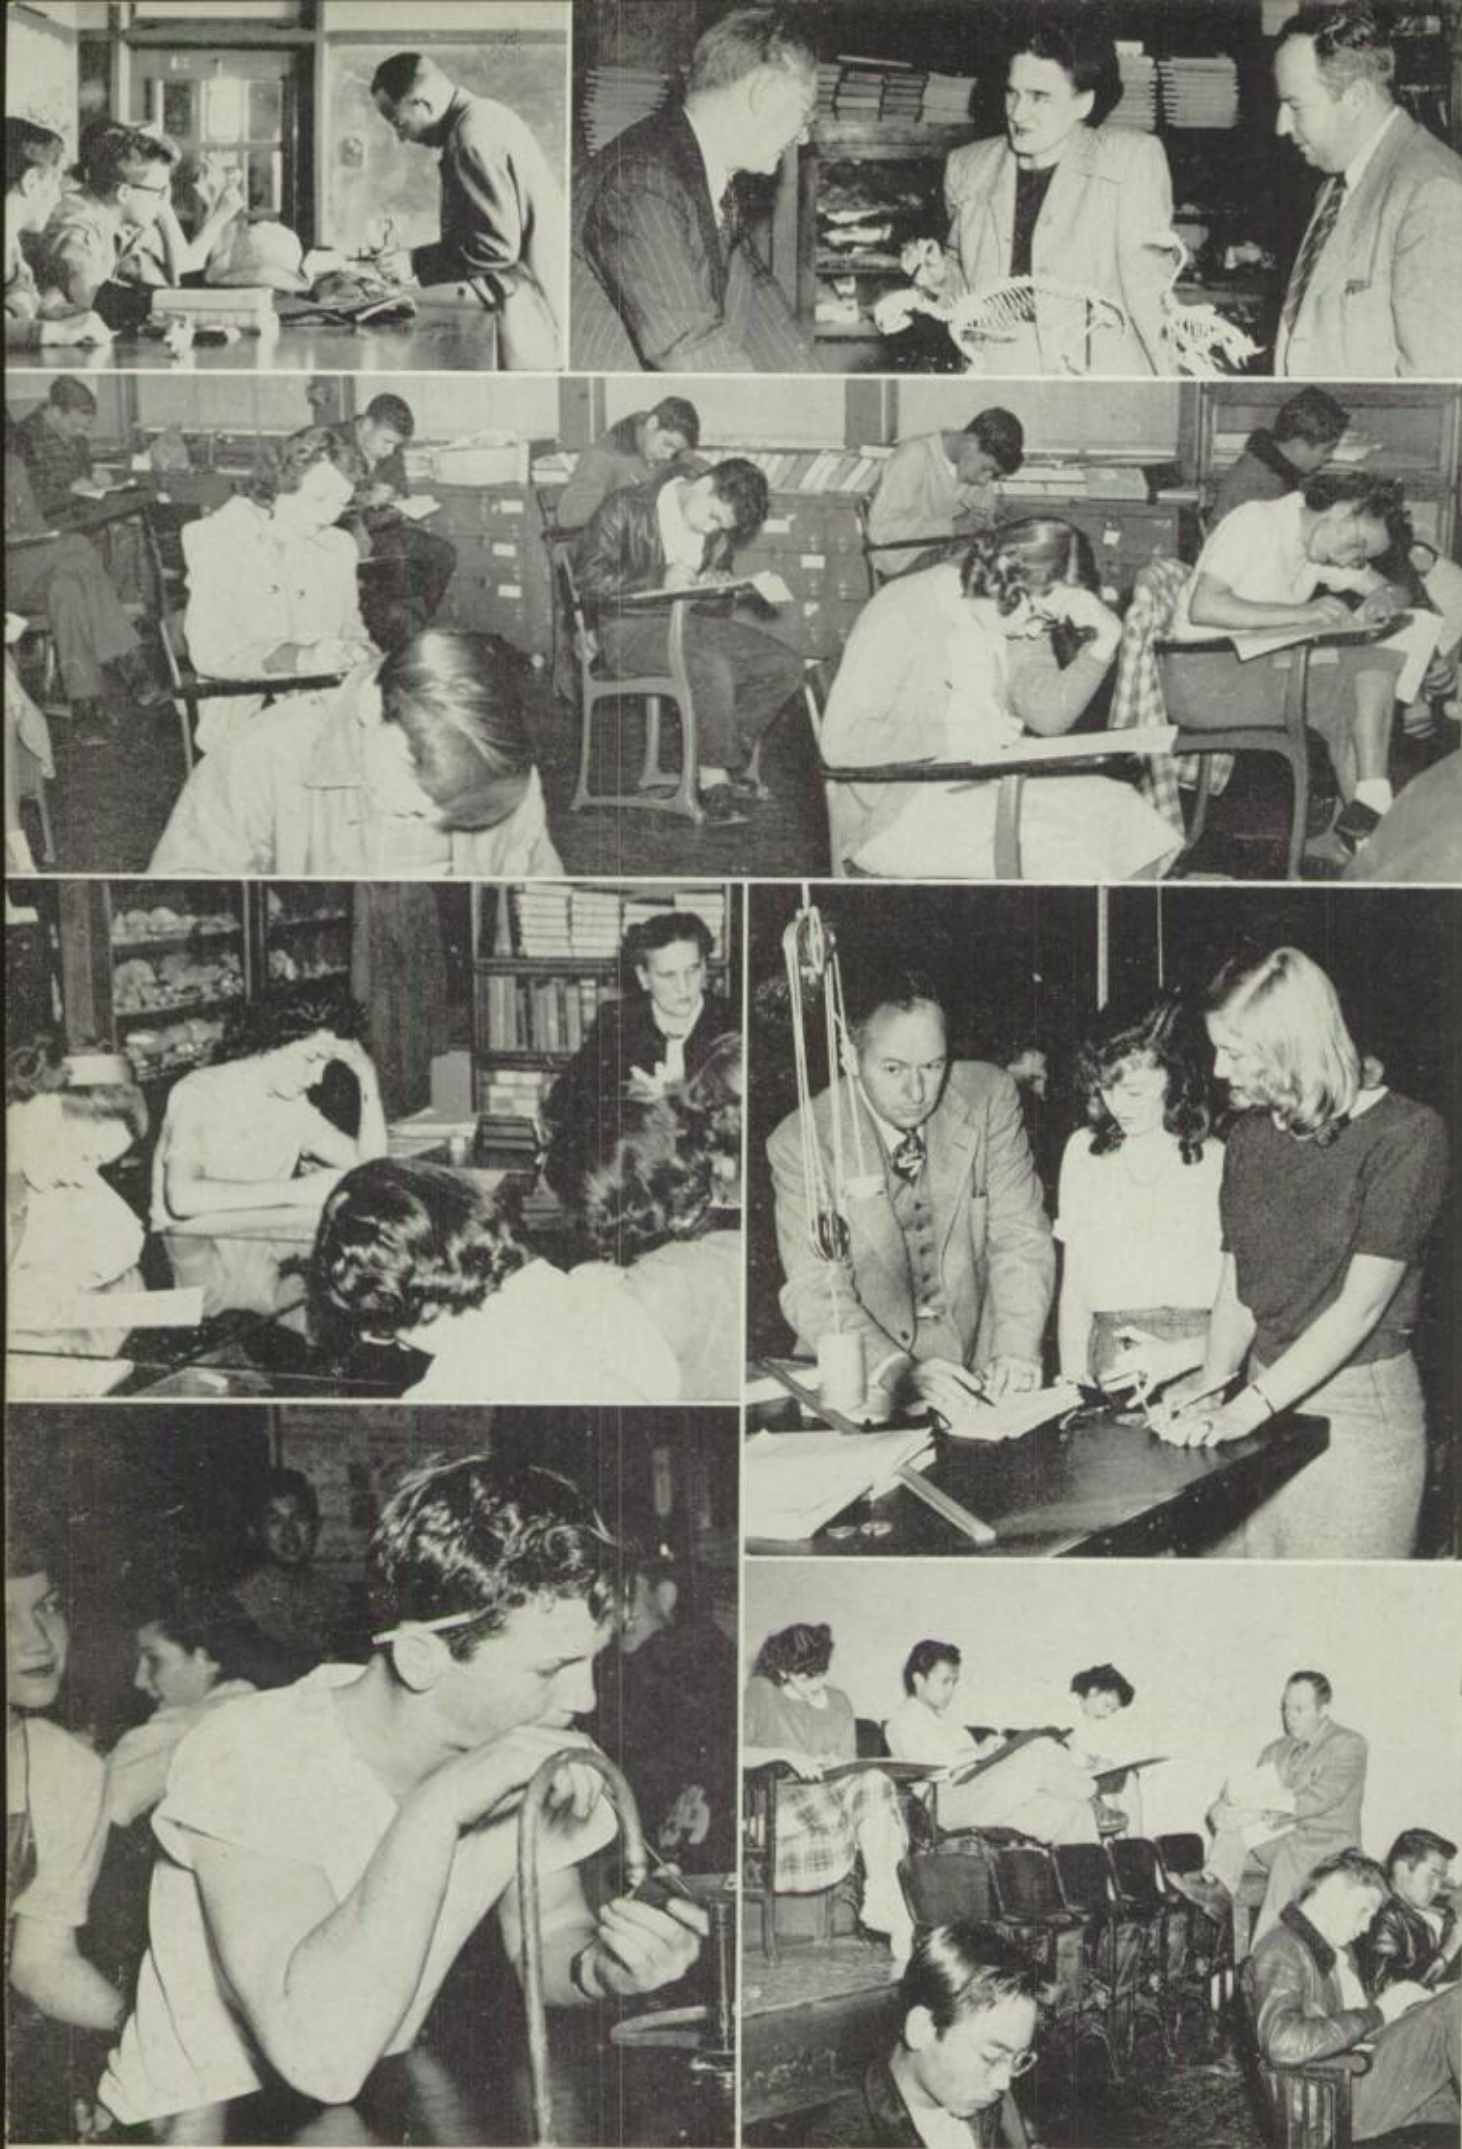

Agriculture

Excellent instruction in the field of farming is offered to WUHS students who plan on going into the rural life after graduation. Almost every phase of agriculture is covered, from butchering to plowing, in this well-filled course. Traveling to the Cow Palace and to the King City Fair proved profitable, for every product exhibited by the boys received top recognition. Department head, Mr. Thorstenson, is assisted by Mr. Hollenberg and Mr. Rycraft.

Mr. Rycraft, Mr. Thorstenson, and Mr. Hollenberg go over plans for student exhibits at King City. Forge work is included in the training in agricultural mechanics. Jack Powell exhibits blue ribbons won by a prize sow at the County Fair. Science

An excellent opportunity for students to become acquainted with life and the world about them is offered in our Natural Science department. We are fortunate in having a variety of studies in this department, such as biology, chemistry, and general science under the direction of Miss Martin, Mr. Dyche, and Mr. Jensen.

The interest which these subjects hold for the public was demonstrated on Public Schools Night when the science rooms were crowded with interested parents watching students conducting experiments and examining various pieces of equipment and displays. The importance of the basic sciences is only beginning to be realized by the general public. When one reflects that as short a time ago as 1880 surgeons in our hospitals scoffed at the necessity for washing their hands before an operation and that the existence of microbes and their relationship to disease was only just being understood, the strides which have been made in science in the past seventy years and those advances yet to come can be seen in their true light. In the promotion of these advances science classes in high schools throughout the world have played a significant part.

Commerce

The Commerce Department goes a long way toward preparing students for jobs after graduation in such classifications as stenographer, business agent, bookkeeper, and other positions of a like nature. The value of such training is hard to overestimate. The importance of accurate records and complete information on all phases of a business is becoming increasingly acute, and those students who choose training in this department are rewarded well in satisfaction as well as income. But the work of the department does not end with students who wish to work immediately upon graduation from high school. Many who intend to do college work enroll in typing and shorthand courses with a resultant increase in their efficiency as students.

The department is fortunate in having particularly well qualified people to carry on instructions. It is not so fortunate in its quarters, but it is hoped that new construction in the near future will provide more and better space. It is now commonly recognized that a much greater emphasis should be placed on enrolling students in courses which fit them for definite kinds of employment immediately upon their graduation from high school, and the skills which are to be acquired in this department are of great importance in achieving this new direction in high school education.

Study

Though our library is much too small for a school of this size, Miss Fuller manages it with utmost efficiency and unfailingly cheerful cooperation. The stock of material available in the library is good in spite of cramped quarters, and many students have found a wealth of material for use in reports.

Library

The study hall, an opportunity to some and a bore to others, provides not only easy access to the library but also a wide variety of magazines for students otherwise unoccupied. Mrs. Lechleiter supervises the hall and is the center of a beehive of activity including attendance reports and messages.

Office Force

In the group below are the girls who keep the involved machinery of the school in operation. Headed by Miss Thelma Larkin, seated at the right, are Alice Moriume, who helps Miss Jones with attendance records, and on the left Frances Sukekane. Standing, left to right, are Jeanette Halward, Lorraine Moresco, and Rosalind Policcio.

Continuation

The Continuation Department, headed by Mrs. Briggs and Mr. Bournes, is doing a fine job of keeping in touch with students who, because of circumstances beyond their control, have to leave school. The department gives a basic education in English, mathematics, science, and the social studies.

Maintenance

This year brought us the loss of Mrs. Nielsen, who retired after fifteen years of service. Beloved by us all for her excellent cooking and most of all for her warm and cheerful presence, we were consoled only by the coming of Mrs. Craig who immediately won the hearts and appetites of all cafeteria regulars.

Cafeteria

The Maintenance Department consists of eleven men and twenty-three boys under the direction of Mr. Hans Skov. The department has for its primary objective the care of the school and its equipment. Again this year a fine job was done for which we are all grateful.

Seniors

Under the leadership of Bill Codiga and a fine group of officers, the 49ers wound up their high school careers with an impressive record of achievement in all activities. The mighty seniors starred in athletics, scholarship, and many other branches of activity in high school. With the juniors, they sold more magazine subscriptions than have ever been sold before, held a prom at Rio del Mar which was attended by couples only for the first time in the history of the school, and enjoyed the closing exercises such as the picnic and the graduation exercises with a wholeheartedness which only those can have who realize that the doors of high school are closing behind them for the last time. Those of us who remain behind shall miss them and all of us wish them Godspeed.

Jim Goldman, Ray Kusumoto, and Roy Wilson plan the next game as football season gets under way.

Juniors

Under the leadership of president Carl Hopkins, the junior class had an exciting year in '49. Among the activities were a class party called the Harvest Hoedown, a pre-Salinas game rally and the Junior-Senior Prom, held on May 14th at Rio Del Mar. The Prom was a date affair and one of the best Proms we have ever had. Miss Tamisiea acted as class adviser.

Carl Hopkins, president; Ray Dyer, vice-president; Lorraine Herrick, secretary; John Hopkins, treasurer; Charles Luporini, student board representative; Pauline Gray, yell leader; May Yasumoto, girls' athletic manager; Jack Bakich, boys' athletic manager; Miss Tamisiea, adviser.

Sophomores

The sophomores staged one of the most successful rallies of the year for the Santa Cruz basketball game. A clever skit and talks by Santa Cruz student delegates, Mr. Geiser, Ron Staley, and Mr. Barsi—former coach of Santa Clara—kept the whole school amused and interested. On April first the class put on April Fool Trap Dance for couples only. Clara Edsberg and Stevie DuFour were elected King and Queen of the fools. Mr. Lien acted as adviser.

Beverly Fennell, president; Roland Brooks, vice-president; Rosie Gonzales, secretary; Bob Koda, treasurer; Yvonne Patrick, student board representative; Nadine Regan, yell leader; Steve Dufour, boys' athletic manager; Frances Wong, girls' athletic manager; Mr. Lien, adviser.

Freshmen

This year's frosh, with the enthusiastic help of Mr. Slavich, departed from the usual theory that freshmen are to be seen but not heard. Shortly before school was out for the holidays they held a very colorful and enjoyable Christmas party of their own in the auditorium. Several of them also appeared at the Winter Ball, and then once again the class shattered all precedent by throwing a spring party in April.

Bill Goldman, president; Gerald Fagundes, vice-president; Linda Gallagher, secretary; Troy George, treasurer; Rita Hollenberg, student board representative; Donna Bilyew, yell leader; Bob Jones, boys' athletic manager; Betty Bivins, girls' athletic manager, Mr. Slavich, adviser.

Scholarship Society

The Scholarship Society, composed of the highest ranking students in school, is one of the most active organizations. This year the members, with Mr. Coelho adviser, went to a football game played between Stanford and U.S.C. With money earned from a concession at a basketball game, the club hopes to have a dinner later in the year.

D.O.A.

The DOA, formed for the purpose of bringing math students together, draws its members from that small group of students who earn B's or better in mathematics. The club sold coke at the Sequoia basketball game, and hoped to go to the Lick Observatory, visiting points along the way such as Winchester Mystery House. Club officers are Kuniko Kokka, pres.; Patsy Brasher, sec.-treas. (1st semester); and Phyllis Bailey, sec.-treas. (2nd semester). The club's adviser is Mr. Brown.

Girls' League

A brand new organization is the Girls' League, under the presidency this year of Loretta Phillips. Among the many activities, the most spectacular was a Fashion Show Tea presented for students and parents in the spring at the Veterans Memorial Hall. This club has come a long way in just one year and should prove to be one of the most interesting and active organizations on the campus in future years.

Art Club

Under the expert and whole-hearted guidance of Miss Dubendorf, the art students have worked long and hard, not only on class problems but on campaign signs, prom decorations, dance bids, and anything else needed by the student body—for which the art department should be highly praised and thanked by all organizations and activities of the school.

W.A.M.

The WAM (Watsonville Auto Mechanics to you) is a club for students who are taking auto shop. Mr. Andrews, their adviser, is also the auto shop instructor. This year the boys enjoyed a Christmas party along with their other occasional coke and cake parties. They participated in the last of the Manzanita Carnivals, and most important of all, they learned a great deal about automobile repair and maintenance.

French Club

In the great year of '49, the once meek little French Club expanded terrifically. Among the high spots for the Club Francois were a Mardi Gras Festival, a French play, and the annual picnic. The solution to one knotty problem was also worked out this year. It was discovered that the reason students were having such a hard time in French was that the tests were being given in, of all things, French!

The Winter Ball was acclaimed by all who attended it as one of the best of the year. The success of the dance was due largely to the fact that only couples attended. Other dances put on by this year's enthusiastic committee—under the guidance of Pat McIlmoil, chairman, and advisers Miss Dubendorf and Mrs. Worthington—were the Freshman Reception, Basketball Dance, and a series of dances after games.

The standout play was "The Whirligig of Life" which was presented to the public during Public Schools Week. The others, including "Sparkin'", were put on before the English classes and met with overwhelming approval. COACH GEISER

Varsity Football

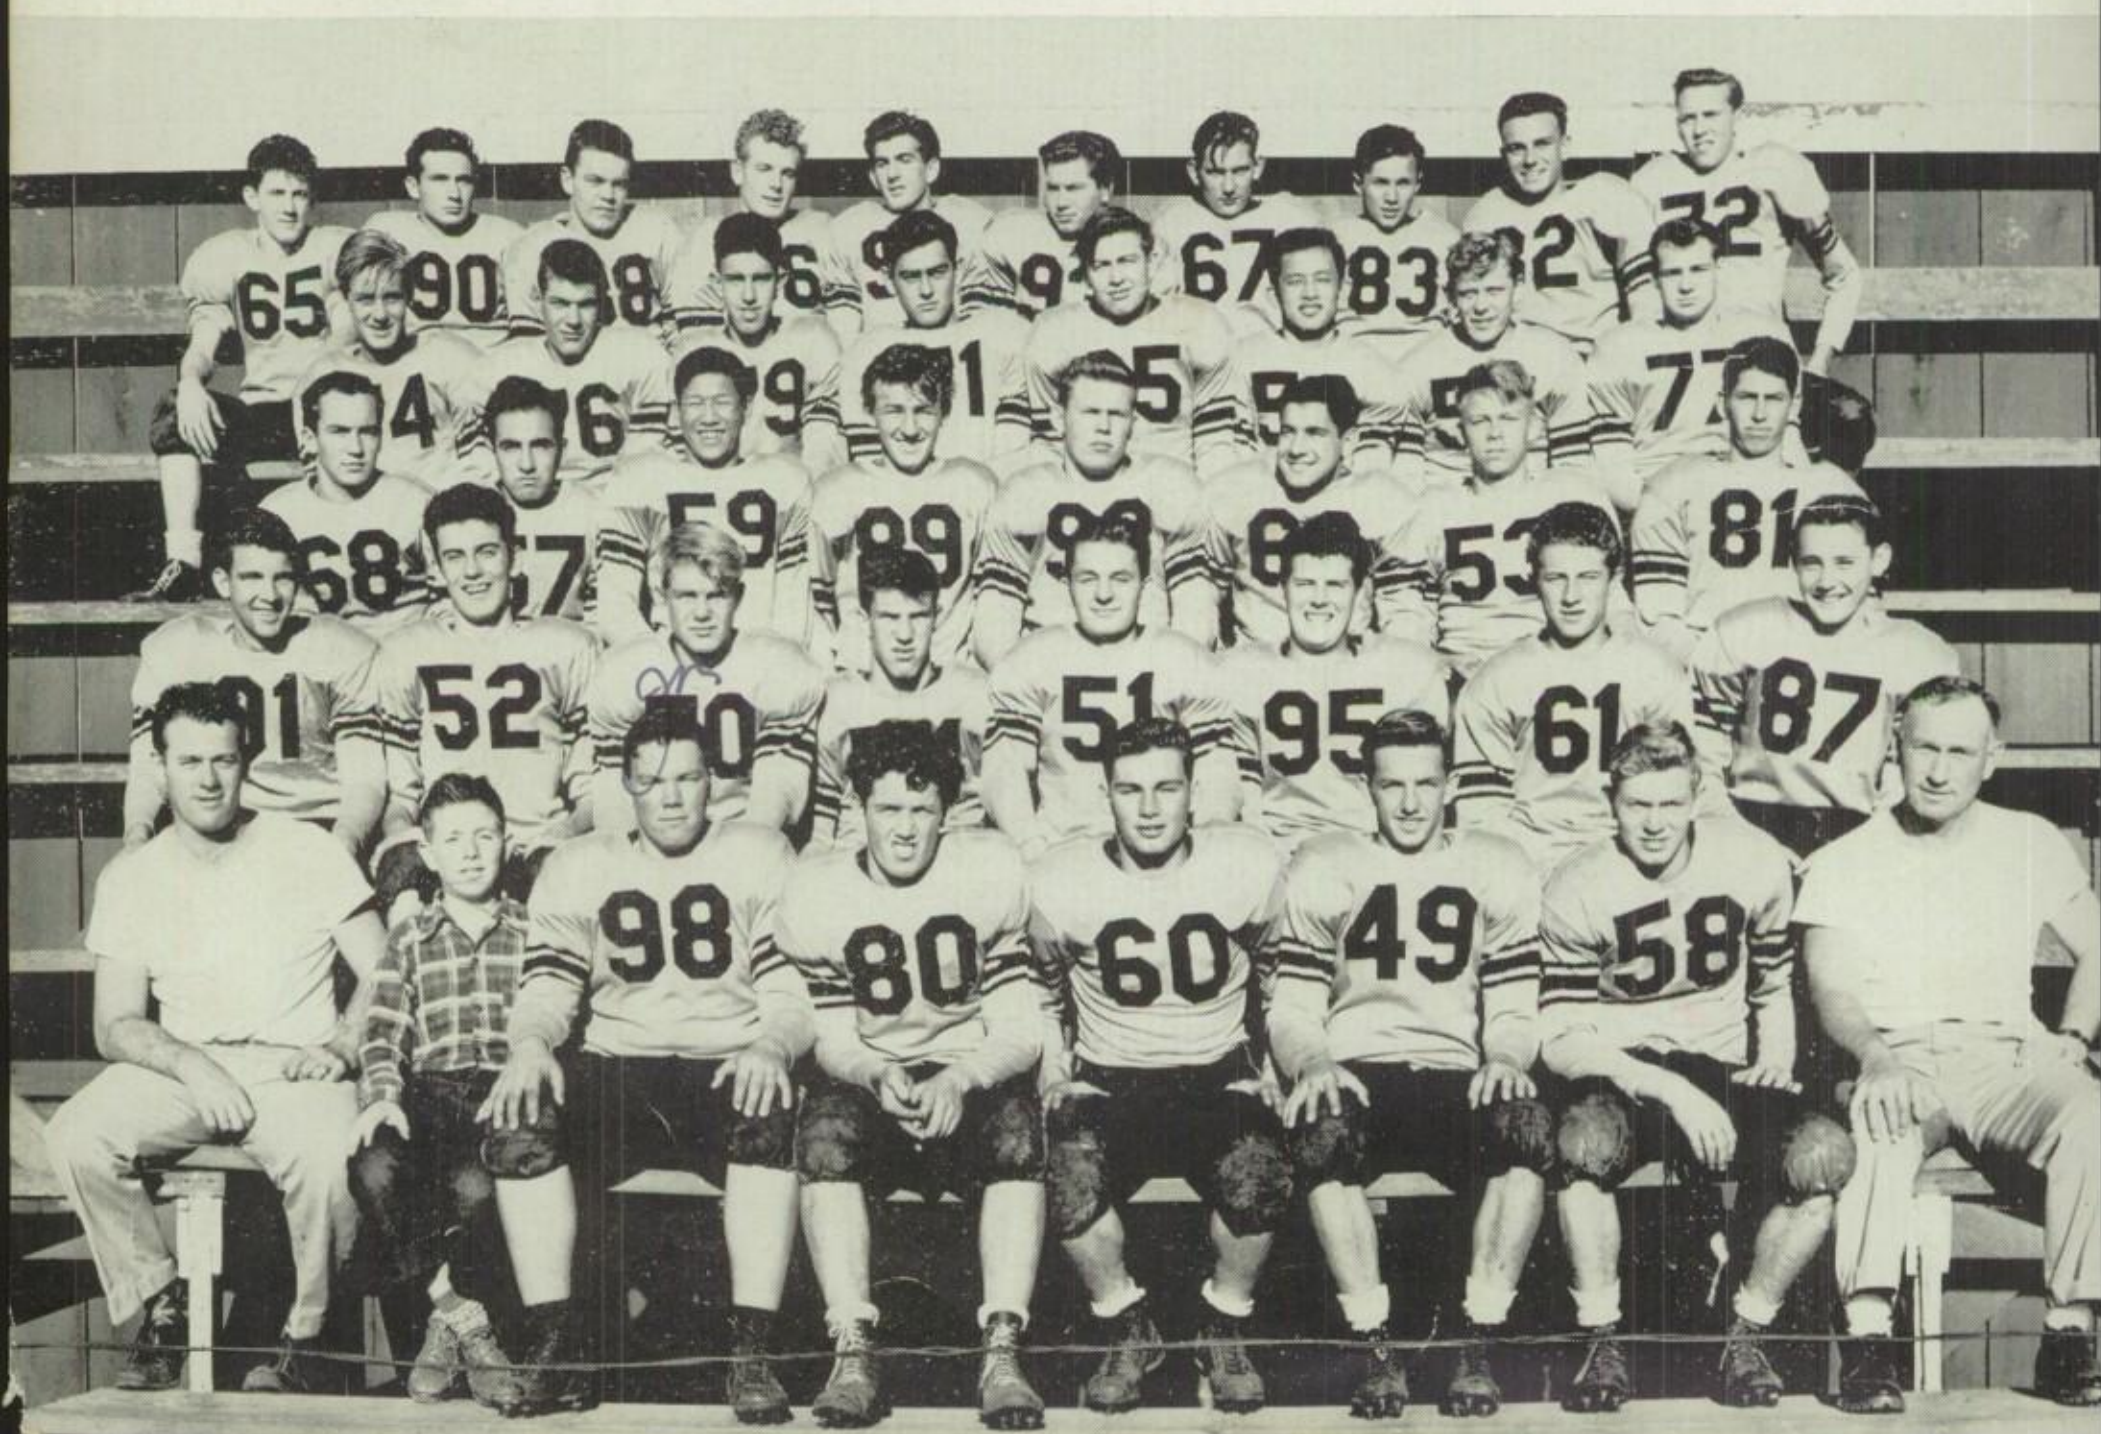

Football this year reached a new high in achievement over recent years when the varsity copped five of their eight games to place second in the CCAL standings. The only losses the Wildcats suffered were at the hands of Palo Alto, Monterey, and Bellarmine. In each case the score was thirteen to nothing.

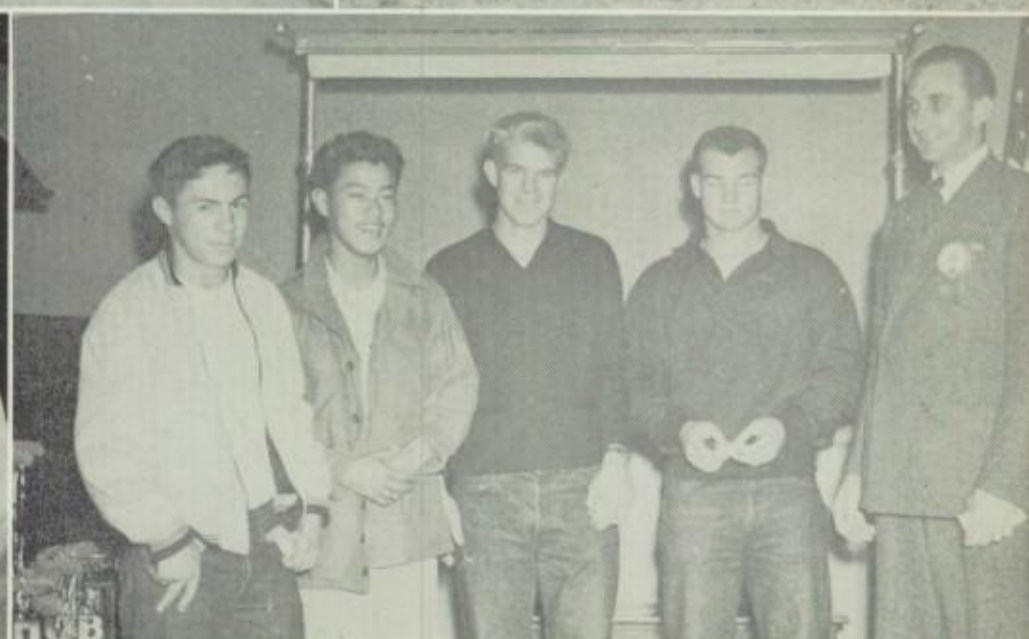

Center Roy Robertson, Halfback Roy Wilson, and Tackle Mel McCandless were awarded positions on the All-CCAL squad for their fine work during the season. The season was climaxed with the first Football Jamboree held at Salinas in which the West swept over the East 81-6, led by Watsonville's 40-0 victory over Monterey.

Lightweight Football

Entering into league encounters with the handicap of no practice games, the dauntless limiteds edged Monterey 6-0 to start a victory march which ended with their second consecutive league championship. In the course of the season the fleet kitten gridders tallied a total of one hundred and three points and permitted a grand total of only twenty-four to be scored against them. Of the twenty-four, eighteen were scored in league play.

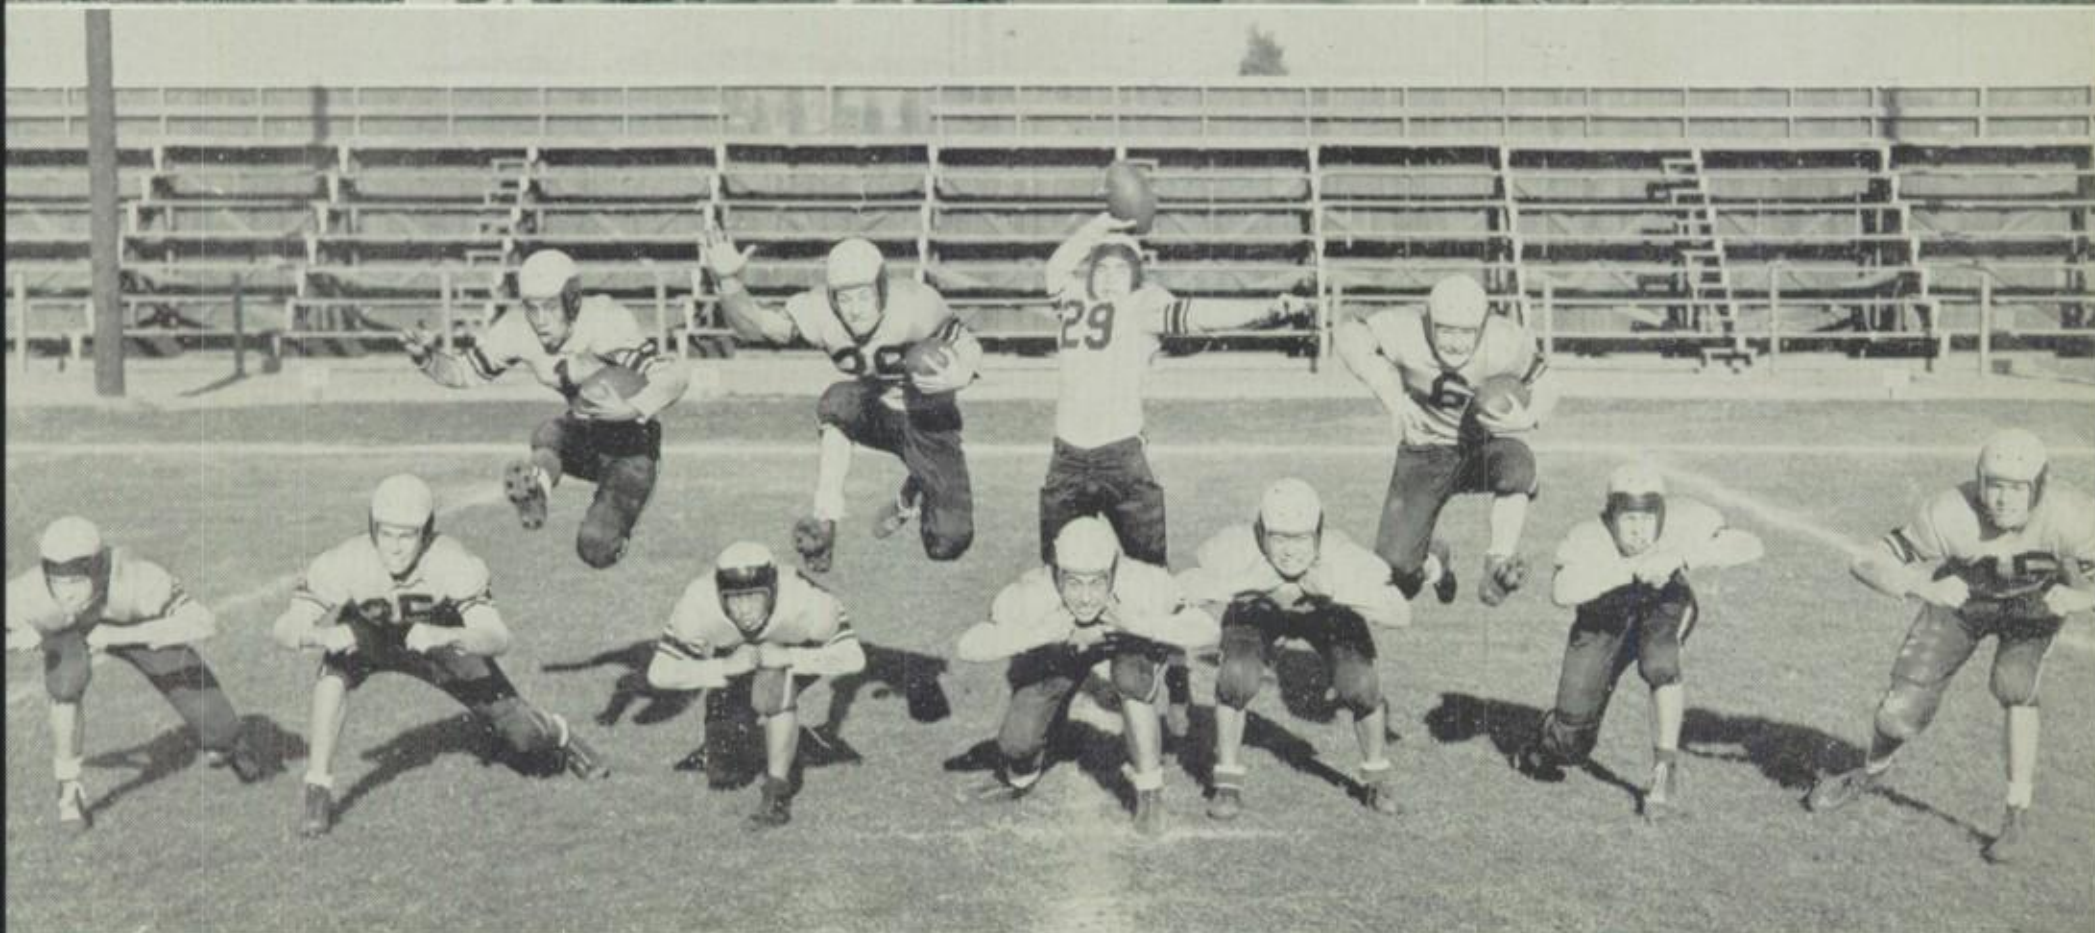

For this stellar performance, seven players received All-CCAL honors. They included Mits Hashimoto, fullback; Bob Rogers, quarterback; Roland Brooks, halfback; Adrian Gonzales, guard; Jack Bakich, tackle; Carl Hopkins, end; and John Hopkins, center.

COACH STALEY

Basketball

Both the varsity and lightweight teams placed second in CCAL standings this year. The combination of Johnny Wong, Ray Kusumoto, Ken Sears, Vernon Varni, and Jim Goldman led the way for the varsity while Roland Brooks, Bill Marinovich, John Hopkins, Bob Goldman, and Tony Ruso were the first string lightweights. Bob Stilwill, Mike Morales, Jim Vettle, and Don Lintz contributed greatly to the success of the varsity. The coaches of the league schools selected Goldman and Varni on their CCAL quintet. All CCAL honors went to Brooks and Goldman on the lightweight squad. Steve Dufour and John Ruso saw lots of action with the Kittens.

Track

COACH BURDICK

Pulling through their first undefeated season, the Wildcat cindermen captured the long elusive track championship under the direction of mentor Howard Burdick. Strong points in the Cat and Kitten lineup were the performances in the 120 yard high hurdles, 180 yard low hurdles, 220 yard dash, 440 yard run, half mile run and relay, 660 yard run, and the discus throw. New school marks were set in the discus, 1320, and the 660.

Baseball

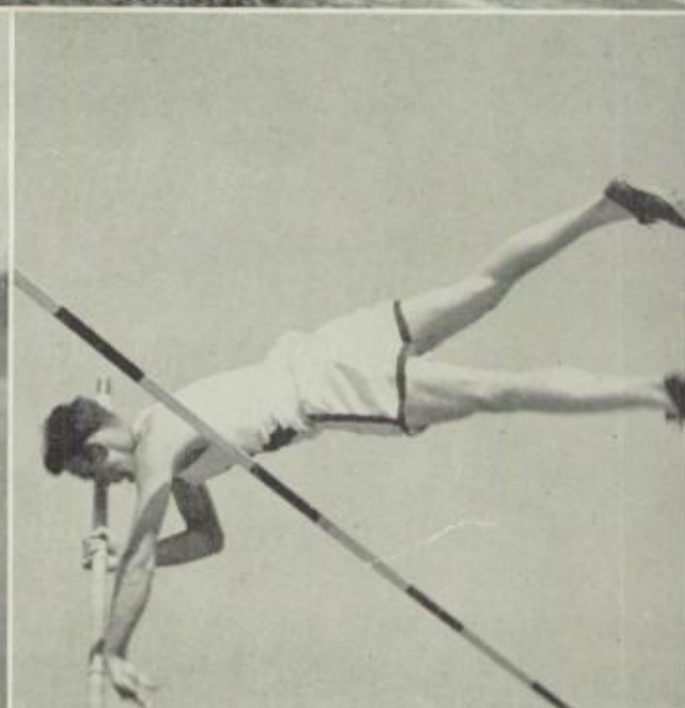

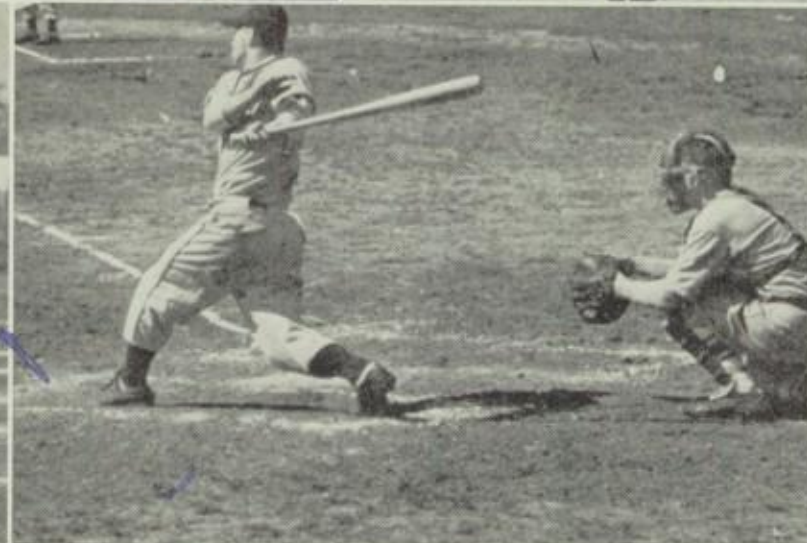

Carl Hoberg, our popular baseball coach and a former professional ball player himself, produced this year a top squad to compete in the annual battle for the baseball crown. The championship had not been decided when this book went to press, but Watsonville was still in there as we took a last hasty glance toward the diamond. The team was well-balanced and it is difficult to pick out any individuals who stood out over the others, but Conrad Causey deserves special mention for his stellar performance in the pitcher's box.

COACH HOBERG

Bottom Row: R. Brooks, S. DuFour, F. Gfroerer, J. Goldman, J. Vettel, R. Robertson, B. Goldman; Second Row: Coach Hoberg, K. Kolstad, A. Herrera, D. Skocko, C. Causey, J. Hopkins, F. Quimby in fine form for the start of the 75 yard dash . . . Roy Robertson smacks a double in the Santa Cruz tussle . . . William Chinn wins the 330 yard dash . . . Hurler Conrad Causey talks it over with teammate Bill Marinovich . . . Abie Gonzales tops the bar at Hollister.

Tennis

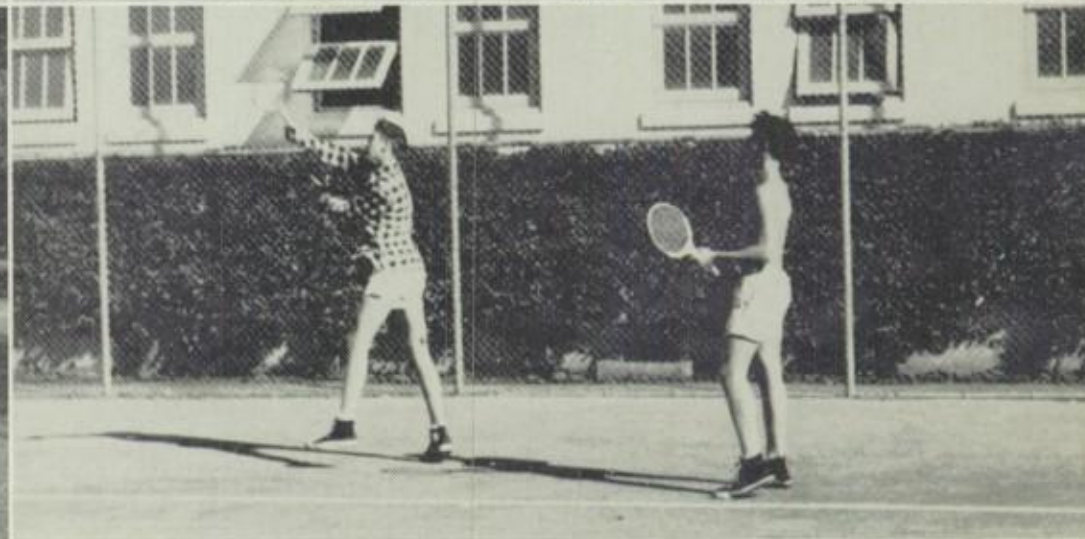

Lack of experience hampered the tennis team this season. Coach Ronald Staley, recent graduate of San Jose State College, emphasized fundamentals in training the squad which consisted of five freshmen, four sophomores, and one junior. Preparation for seasons to come was Coach Staley's motto. Number one man for the year was Glenn Dinsmore with Nick Kralj, Anthony Copriviza, Mike Mann, Troy George, Mitsuo Uchida, Fred Richelieu, Richard Cantu, Edwin Ingersoll, and Richard Ulrichsen following in that order.

GROUP PICTURE— In front: Ed Ingersoll; Second row: Mits Uchida, Anthony Copriviza, Richard Cantu, Troy George, Coach Staley; Back Row: Nick Kralj, Fred Richlieu, Mike Mann, Glenn Dinsmore. CENTER: Dick Cantu and Glenn Dinsmore. BOTTOM: Tennis men Nick Kralj and Mike Mann work on the ball in a doubles game with Santa Cruz.

Golf

Led by a potential top flight golfer, Richard Lien, this year's squad of clubmen was composed chiefly of freshmen and sophomores. As in tennis, the coach, Mr. Geiser, found it necessary to work for future teams rather than to pin his hopes on successes this year. All members of the team showed marked improvement during the course of the season in this exacting yet highly enjoyable sport.

Block W

The initiation, one of the school's oldest and most hilarious affairs, went off this year with its usual noisy good fellowship. The large membership of the club and the honor of belonging to it makes the Block W one of the foremost clubs in the school.

First row: B. Rogers, C. Goldman, C. Hopkins, B. Marinovich, L. Dye, A. Herrera, M. Brown, Mel McCandless, R. Brooks, E. Mills, A. Soares, V. Varni; second row: R. Dyer, R. Anderson, C. Causey, H. Girls' Block W

Only the most proficient and diligent of the girls interested in athletics are able to qualify for their block letters. Each year, however, eager aspirants work long and hard to win the honor of membership in this small group. The pleasure of achieving the honor is balanced only by the skill and physical health which results from the various athletic contests in which these girls enter.

Girls' All Star

The Girls' All Star teams are composed of the top athletes of all the classes combined. There is an interclass league of frosh, sophomore, junior, and senior teams which play each other for the championships. From these teams the All Stars are chosen. These girls deserve a lot of credit for putting in so much of their own time to improve interclass sports.

Dear Goldie,

I would like to go into detail
and tell you how I feel about you
but you haven't got the room in your book
and I haven't got the nerve. I've never
felt the way about a girl the way I feel about
you so I'm at a loss when it comes to telling
how I feel about you. I would like to say
that you're the sweetest girl I have ever hoped
to know. I don't know how one girl could
be so cute and not let it go to her head
but you're doing it and for heavens sake
don't ever change. I don't know why I'm
so lucky as to have you wearing my ring.
Sometimes I find it hard to believe - I'm
just keeping my fingers crossed that you
never get tired of wearing it. I'm afraid if
you did I would be one downhearted
~~little~~ boy. We have ^{had} some pretty swell
times together and I hope we will have
many ~~for~~ more together. I never
thought I would be writing this way
like a love sick goon but I can't help
it. Well I guess I had better close before
I use up all your ink. So —

P.S. I hope your folks

they will think I'm pretty silly (I know I am)
